Facts and Fancies

By FRANK FAIRBORN, Jr.

Poor old Grimsby. Bankrupt. All her citizens broke and on relief. All heading for the Lincoln County Industrial Home. My goodness, I do not know how Manager Comfort is going to take care of 2500 Grimsby men, women and children in that County Home this winter.

Personally I do not believe that Grimsby is broke, nor do I believe any of her citizens are going to the County Home, but after reading paragraph one in the letter of the Ontario Milk Board, dated August 27th, to the Town Council and then reading the statement of Mr. C. H. Meek, Chairman of the Board, to the effect that Grimsby cannot support two milk dairies, I can reach no other conclusion.

Now, if Grimsby, a town of 2500, with a surrounding territory of 2500 people in North Grimsby, cannot support two milk dairies, then how can they support three of the finest butcher shops in the province; five of as good grocery stores as are in the country; three fine hardware shops and numerous other trading spots not to forget four beauty parlors. Personally I believe that some person or persons have fed Mr. Meek and the Milk Board with a lot of bum information. I am not alone in that thought. Mayor Bull and the Town Council believe the same thing. That is why they would like the Milk Board to meet them in full and open conference and learn the absolute and TRUE facts of the whole milk situation in Grimsby.

I am like Councillor Bonham, "this man Meek is no fool. He must have reasons of some kind for doing what he is doing, but if he has been given a lot of misinformation and half truths then let us get him properly straightened out on the matter."

I have no hesitancy in telling Mr. Meek and his Milk Board that I do not believe that they would have acted the way that they have if they knew the absolute HONEST facts of Grimsby's milk situation during the past few years. It is natural for a man or a body of men to do things that they would not sensibly and honestly do if they had not been handed a lot of misinformation. And I have no hesitancy in saying that I believe that the Milk Board has been filled to the brim with a lot of bunk and misinformation.

Again, I am like Councillor Bonham, "Did, or did not, the Milk Board make promises and agreements behind closed doors regarding a second dairy license in Grimsby?" If they did, then the Board certainly exceeded their authority, which Mr. Meek is man enough to state that he and the Board are now waiting to see what authority they really do have when the Royal Commission brings down its findings. It is a certainty that even the Royal Commission says that they have authority to govern licenses in the Town of Grimsby, that they will not say that they have authority to make promises and agreements behind closed doors.

I have no proof that any promises or agreements were made behind closed doors, and I would certainly not say, at the present moment, that any ever were made, but as I stated in this column two weeks ago, where there is so much smoke there certainly must be fire some place.

Mr. Meek intimates that until the Royal Commission brings down its verdict and tells the Board just what authority they have and have not, no prosecution will be launched against Mr. W. Brock Thompson for peddling milk in Grimsby without a license from the Ontario Milk Board.

Possibly Mr. Meek is just trying to ease his way out of a bad situation. Then again he may not be. The fact remains that no matter what the Royal Commission has to say on the amount of authority that the Milk Board has, they are not going to run Grimsby.

This newspaper, Mayor Henry Bull, The Town Council and all the citizens of the Town of Grimsby do not care a tinker's hoot what authority the Royal Commission says the Milk Board has. They never will over ride the wishes of the people of Grimsby. The minute they try it, which they have already done in a mild manner, then there is nothing else riding high in the Province of Ontario but pure Hitlerism. How long are the people of Grimsby going to stand for that?

There are five milk dairies distributing milk in the Township of North Grimsby right now, yet the Milk Board says Grimsby cannot support two dairies and the populations are the same. In the meantime Mr. Meek states that the Board has issued a license to the Beamsville Dairy to distribute milk in Grimsby Town. What a joke. Beamsville Dairy has no more chance of getting a license to deliver milk in the Town of Grimsby at the present time than Mr. Meek has of becoming Presi-

dent of the United States. And a word of warning to the owner of the Beamsville Dairy. Don't try it, for you will be prosecuted for every bottle you peddle.

According to Mr. Meek and the Milk Board there are prior applications for the privilege of distributing milk in the Town of Grimsby. All outsiders who own nothing in Grimsby, pay no taxes in Grimsby. Then why should they have prior rights on a license to deliver milk in this town? In the second place, Mr. Meek, if the poor benighted people of the Town of Grimsby are so destitute that they cannot support two taxpaying, labor-employing dairies of their own how are they going to support one of their own and one from outside points? The more I mull this situation over the more I think there was more than the closed door, wherever it was.

It is quite all right for Mr. Meek to say they have granted a license to the Beamsville Dairy to peddle milk in Grimsby, or to any other dairy for that matter, but what about our local tax situation. Will the \$50 license fee that the Beamsville Dairy pays come anywhere near relieving the tax burden on the Grimsby ratepayers that the Thompson tax bills will relieve?

Mr. Thompson makes the flat statement that the Peach King Dairy building, without any dairy equipment in it at all, stands him \$40,000. It is only natural then that Assessor Charles T. Farrell is going to assess that building and property at least 50 per cent. Now 50 per cent is \$20,000. That amount of money at Grimsby tax rate of 36 mills means that Thompson is going to pay \$720 in taxes this year. Figure that against a \$50 license fee from the Beamsville or any other dairy. The whole thing adds up like a crazy quilt.

Then let us take a look at the labor situation. How much payroll would Beamsville Dairy or any other dairy ever pay out in Grimsby? Nothing. Then compare that to the payroll that the Peach Dairy Bar already has in this town and district.

How much money is the Beamsville Dairy or any other dairy going to spend in Grimsby for gas, oil, tires and repairs to trucks? None.

How much money is the Beamsville Dairy or any other outlander dairy going to pay out in the course of a year for repairs to buildings, machinery, insurance on property and a 1001 other things? None.

Than Mr. Meek and you gentlemen of the Milk Board, can you blame this newspaper, Mayor Bull and the Town Council and the citizens of Grimsby for fighting for their own rights and their right to say who and who shall not distribute milk in the Town of Grimsby?

Mr. Meek and you gentlemen of the Milk Board, I do not know where you all live, but just for argument's sake, I will say that you all live in Toronto. The Hogtown comes World, and Mayor Robert Saunders comes out and tells you flatfooted: "our bread, your going to buy your milk, every other comment, your shoelaces and families use in modify that you and your ou going to say? every day life and what are going to say. You I can tell you what you are a Saunders to go are just going to tell Mayor will not hesitantly plumb to @!#!?@& and you tate 15 seconds in doing so.

Then why do you have the Grimsby come out and tell the people going to buy where and from whom they are of the fact their milk, particularly in viol and the peo- that the Mayor and the Council you are lab- ple of this town fully realize that yoehenson oring under an illusory misapprehen as to the actual situation in the town Grimsby.

Mr. Meek, I do not know where you got your facts and figures on our situation, but I do know that they are all haywire, other- wise you and your Board would not e. If acted in the manner in which you lean on as you and your Board want to come on do as this matter and get out of it clean meet them the Town Council has requested zens lay the as a council of the whole, with ble. I believe sent, and let them and solid c. Board will actual, truthful facts on the ty woman has Mr. Meek, that you and your pretty fast, change your mind faster than an ever been able to do and that is pretty fast, almost atomic.

On Wednesday morning Mayor Harry Bull informed The Independent that The Ontario Milk Board had extended an invitation to Grimsby Council to meet them in confer- ence in Toronto at two o'clock on Tuesday afternoon next when the whole milk license question will be threshed out.

ARE FRUIT RETAILERS WORKING A RACKET?

CHILDREN'S AID IS EXPANDING SERVICE TO GRIMSBY DISTRICT

GRIMSBY VILLAGE COUNCIL ON PARADE

In the big Labor Day parade of 1909 the Village Fathers rode in state. The team and carriage were the property of the late John Hewitt and the driver was John Kemp, now of Beamsville. The two councillors with their backs to the driver were the late Albert E. Phipps and the late John Durham. In the back seat are the late W. Frank Randall, Reeve Wm. Mitchell and the late W. F. "Uncle Bill" Clarke.

VILLAGE LAWMAKER WOULD SECEDE FROM THE COUNTY

HIGHWAY DEPARTMENT HAS A NEW "RACKET"

Property Owner Claims They Want To Charge Rental Fee For His Own Sign On His Own Property.

"Is the Ontario Department of Highways becoming nothing more or less than a 'racket' department?"

That is a question that The Independent was asked last week by a large property owner in North Grimsby township, whose property faces on No. 8 Highway. He also conducts a tourist home at this location.

The information given to The Independent is to the effect that people who own their own property and erect signs for their own

TOWNSHIP COUNCIL HAS A VERY LIGHT SESSION

Deputy-Reeve Aikens Claims That Weed Spraying Is Not Successful—Unable To Get Horses.

Business was light at North Grimsby council meeting on Saturday.

The bylaw appointing Thos. Mackie as Township Road Superintendent at a salary of \$1,400 a year with 200 car allowance, was tabled as approved by the Department of Highways.

Relief accounts for July and August totalled \$40. There is a bylaw on the township

Council Of Clinton Township Capital Very Dissatisfied With Treatment Being Handled Out By County Body—Paying Out \$9,000 This Year And Getting No Return.

(By W. F. R. in The Beamsville Express)

It happened in Grimsby last year, now Beamsville Council feels the same way about treatment given this village by Lincoln County Council.

Monday night's meeting brought angry rejoinders when Reeve Frank L. Laundry told councillors that the special road committee of County Council had recommended that the county turn back to the villages of Beamsville and Port Dalhousie those "lines of county roads that lie within the municipal boundaries.

The Reeve described what took place at the last session of County Council when the road committee's

MEAT STRIKE WILL HAVE LITTLE EFFECT

Local Butchers Feel That They Will Be Able To Keep Their Customers Supplied.

While grave fears are being expressed by the daily press and the people living in the larger centres of population regarding their future supply of meat, Grimsby butchers claim that they have high hopes of being able to meet the ordinary demands of their customers.

As one local butcher expressed it, (Continued on Page 10)

Miss Kathleen Yeager Of Grimsby Will Be In Charge Of Local Office In Municipal Building Every Friday Afternoon Beginning Sept. 26—A Graduate In Social Science.

The Children's Aid Society of the city of St. Catharines and the County of Lincoln will open a branch office at the Municipal Building, Grimsby, on Friday afternoon, September 26th. The office will be open between the hours of 2 and 5 every Friday afternoon.

Arrangements for this expansion of Children's Aid services has been made possible through the co-operation of Mayor Henry Bull; President Romaine K. Ross, K.C.; Superintendent, Lloyd S. Richardson and the Board of Directors of the Children's Aid Society. The extension of services by the Society has been realized through the efforts of the Kinsmen Club of St. Catharines who conducted such a successful financial campaign last spring. Work of this nature depends entirely upon private funds.

The Children's Aid Society is re- (Continued on Page 9)

ICING OF FRUIT CARS MIGHT BE CURTAILED

If Meat Packers Strike Ties Up Mimico Plant Grimsby Cold Storage Will Not Be Able To Meet Demand.

There is a possibility that carload shipments of fruit from the Niagara peninsula to both Eastern and Western Canada may be sharply curtailed due to a shortage of ice for the refrigerator cars is foreseen unless the meat packing strike eases sufficiently to allow re-icing of cars at Mimico.

The Growers Cold Storage and Ice Company, of Grimsby, only icing plant in the entire Niagara peninsula, has, owing to the unprecedented demand for ice, coupled with labour shortage, reached the critical stage, it was learned from Hugh Campbell, plant manager.

"Much more ice has been required (Continued on Page 10)

FREIGHT CAR CAUSES A BIG COMMOTION

People On Livingston Avenue Rudely Awakened From Slumber—Pole Snapped, Tree Uprooted And Hydrant Smashed.

A crash and a smash that made the people think that the Fruit Belt was being visited by an earthquake, caused the residents of Livingston avenue in the neighborhood of the Grower's Ice and Cold Storage plant to fly from their beds in a hurry at 3.25 on Thursday morning last.

The commotion was caused when a C. N. R. crew at work shunting (Continued on Page 10)

One Local Shipper Claims They Re-Packed Canadian Baskets Placing Small, Immature American Elbertas In The Bottom In Order To Save A Loss On The Imported Goods—Customer Was Certainly Gyped.

Last week a prominent fruit shipper in the district drew the attention of The Independent to what he believes is a new racket that is being worked by fruit retailers in the smaller cities and the towns throughout the province, which would prove to be a very detrimental one to the fruit growers of this district.

This shipper had one of his own trucks in a small city in Eastern Ontario and while there the driver was given what was the remnant of a basket of peaches that had been purchased in a retail store. The shippers name and growers number were stamped on the basket, on the handle was stamped No. 1, inside the basket when purchased was the highly colored label (Continued on Page 10)

MILK BOARD CHAIRMAN MAKES A STATEMENT

Regular Meeting Of Board Last Week Decided To Let Thompson Matter Stand As It Was.

Toronto, Sept. 11 (Special)—C. M. Meek, Chairman of the Ontario Milk Control Board said today that he hadn't heard yet from Grimsby Town Council which decided last night to ask for a meeting with the Board over its refusal to issue a dairy license to W. B. Thompson.

Mr. Meek said that when a communication from the Council was received it would be considered.

In the meantime, he said, at a regular meeting of the Board this week it had been decided to let the Thompson matter stand as it was. The chairman added that the reasons for turning down Mr. Thompson had been communicated to the Council last week. Included were the following: (Continued on Page 5)

SUNDAY PICNIC PARTY RAIDED BY PROVINCIALS

Constables Gilling And Hope Break Up Gathering Of "Farmers' Lincoln Club"—Liquor Charges Laid.

Raiding a Sunday picnic held at a North Grimsby Township farm by an organization calling itself the Farmers' Lincoln Club, Provincial Constables William Gilling and E. G. Hope, of Grimsby, Sunday afternoon seized a quantity of beer and arrested Joseph Van Ecko, of Clinton Township and Mike Ugarkovich, of Grimsby, on Liquor Control Act charges.

Both men, were taken to St. Catharines and lodged in Lincoln County jail.

The picnic, according to police, was just getting started when the raid was made.

The beer, said to have been in (Continued on Page 10)

BOW-WOW! IT'S LUNCH TIME AT CIRCLE "G" KENNELS

On Father's Day, June 15th, 1947, Princess Patricia of Circle G Kennels whelped her second litter of ten Cocker Spaniels, seven of which are shown above. The proud father, Attridge's Reformer was purchased by the Kennels from Ted Hand, Ontario St. Patty, who was two years old last August,

has produced twenty-five puppies instead of the usual ten or twelve up to that time. It is from the Spaniels first mentioned as far back as 1886 that the modern Cocker Spaniel, such as the seven puppies of a litter of ten in this picture, is descended.—Photo by Robert Alldrick.

FACTS & FANCIES

Frank Fairborn, Jr.

FREEDOM OF ENTERPRISE

(Beamsville Express)

In another column in this week's Express is a story about the second dismissal of charges preferred against two residents of Clinton Township for selling produce along the Queen Elizabeth Way.

The charges were dismissed on technical grounds by Magistrate Hallett in St. Catharines, but we hope there will come a day, and that not too far distant, when a Supreme Court justice will find in the Ontario Highway Improvement Act a serious curtailment of personal liberty and the right of free enterprise.

Apparently the people who live along the Queen Elizabeth Way must not sell fruit or produce within 150 feet of the highway, described as a "controlled access highway," unless they have a permit. We can see some wonderful openings for minor and major politicians in that permit business, since practically every fruit grower along the Q. E. Way, plus many others, would be in the market. The bidding would be fierce and the patronage plentiful.

We would like very much to have some responsible cabinet minister take a lead in cutting down on these permits. Businessmen and fruit growers are being permitted to death. Every department of government has a large staff working a six-hour day issuing or refusing permits for everything under the sun, most of them sitting comfortably at oak desks far removed from the realities of the local situation. (We are very close to this permit business at the moment, someone in Ottawa having refused us a permit for enough sheet metal to build our furnace pipes. No explanation either, maybe they think that we in the Banana Belt have no need for heating in winter.)

In the case of the individual fruit grower selling his produce on his own property in a rural area, we believe the Ontario Government is taking a lot upon itself to prosecute a man for trying to make a living. People in the Niagara to Hamilton area will not take kindly to Government orders assuring that the Queen Elizabeth Way will be preserved for use solely as a funnel from the International bridges to the congested Toronto area. The St. Catharines Chamber of Commerce has a manager who states the case for his city most eloquently, and we feel the whole district will back him up. Not only will this intended policy of clearing both sides of the Queen Elizabeth for 150 feet back hurt the fruit growers all along the road, it will hurt the whole Niagara district by making the Q. E. nothing more than a speedway between Niagara Falls and Toronto. The Government is saying, in effect, "Tourists must not stop along the Queen Elizabeth," and "Those along the Queen Elizabeth must not do anything to promote stopping by tourists or anyone else."

If this is a correct interpretation of the spirit of the Ontario Government's decision, then we think it meet and proper that the courts quash the idea. Magistrate Hallett's ruling did nothing to clear up the matter; he merely threw out the case because of inefficiency by another department of government, the Attorney-General's branch, in laying the charges. It will take the Supreme Court to uphold the individual's right to use his property as he sees fit, as regards his right to sell his own produce to those who want to buy. We earnestly hope that if and when the case does come before the Supreme Court, the learned judges on the bench will rule in favour of the Little Man.

Meanwhile, the threat of persecution is not cowering the fruit grower. The luscious product of Niagara orchards is being accepted by the public as well as ever, cars are rolling along the Queen Elizabeth in larger numbers than ever. Those who want to tear right through to the traffic snarls of Yonge Street are able to, and those who prefer to stop for a Beamsville peach on the way can buy one.

FALL FAIRS

The season for fall fairs and agriculture exhibitions is now in full swing. In communities all across Canada farmers are afforded an opportunity of showing off their prize livestock and grains, while farm women have

the opportunity of displaying their proficiency in cooking and needlecraft.

The striking feature of the fall fair is the carnival spirit which predominates. Everybody is in gay spirits, especially the children. It means a joyous holiday after a season's hard work. It means meeting old friends and friendly conversations. It means hot dogs and hamburgers and orangeade and candy apples. It means tired feet, but laughing faces and happy hearts.

The fall fair stimulates progress in agriculture, too. The farmer engages in competition with his neighbor, and this friendly rivalry urges him to grow better crops. It encourages him to adopt improved methods of cultivation and to strive for perfection.

Yes, there is something about a fall fair. That's why most rural and town folks never fail to attend.

THE MERRY-GO-ROUND

Even in Canada, one of the most favored of all nations, no one needs to be told that taxes are burdensome, although compared to Great Britain they would appear to be anything but that. Speaking of taxes in the latter country, the Globe and Mail recently pointed out an example:

A British surgeon recently accepted a case of whiskey as payment in full for a \$1,600 surgery bill he had sent to a wealthy patient. The barter was arranged after the patient pointed out that he would have to earn \$64,000 before he would have \$1,600 tax free, while the surgeon would lose all but \$108 of his fee in taxes if it were paid in cash.

Canadian taxes have still a long way to go before they reach that extreme, but already we are following in Britain's footsteps. The ability of a Canadian to save any appreciable amount from his earnings has already been taxed away, but still the Government's swollen revenues are very far short of being sufficient to provide security for old age, even for those who can give abundant proof of their need.

The fact is that the more the young, who are producing, are taxed to provide for the nation's social security aims, the greater number of old people there will in time be who will be unable to provide for themselves. And to meet that situation it can only mean a heavier tax burden and still greater want.

"Soak the rich" has always been a popular cry in Canada and other democratic countries when tax measures are considered. But most Canadians have always failed to realize the fact that when the rich have been taxed out of their riches, the government will then have no other alternative than to "soak the poor" to maintain their public services.

And that leads to only one inevitable result—the poor will become poorer. Taxation can only go so far before it destroys the source from which its income is derived.

THE STAR OF HOPE

Faith and hope have been grand forces in building up our country. The original colonists came over from the old world, their hearts lighted and cheered and encouraged by the hope of better conditions than they had at home. They faced many perils in crossing the seas in their little ships, and they faced perils in meeting the difficulties of pioneer life. They faced dangers from hostile Indians. They had only primitive tools to work with.

Cheered by faith and hope, they cut down forests, they built homes, they made cities and towns, they developed agriculture and manufacturing, and they built roads through the wilderness. So they have built up a grand country, and it was done through faith and hope and their confidence in their ability to do things.

Today we face difficulties that seem in

some ways to be as serious as those which our forefathers confronted. Modern life has become so complicated that industrial depression occurs from time to time. We can hope that the wisdom of man will be able to do away with these calamities which cause such suffering, or at least will greatly minimize the damage they do.

Then there is the problem of maintaining international peace and stopping wars. We can feel that the human race has gradually abolished great evils and that it will be able to do so again. When some evil becomes so terrible that it angers like a dark cloud over humanity, somehow the sense of the race has been able to abolish it, or at least to greatly restrict its power.

So we can hope that the world will deal with the horrible evil of war, and prevent any great war from occurring again.

LADY LUCK

The waylucky runs in games of chance, in gambling schemes and various things, is something that puzzles many persons. How comes it that luck will often seem against people for a whole evening in a game of cards? They have a succession of poor hands, and almost no hands with a fair share of the high cards. Then if they play the next evening, their hands may be full of aces and face cards.

Many people feel a desire to try their luck in gambling games. They have the idea that some people are lucky and some are unlucky, and they want to find out which class they belong to. Some have visions of getting quite a lot of money if it seems that they belong to the lucky class.

The chances are that in games of cards, people in the long run average up about the same as respects luck. If they would keep a record of their hands of cards every day they played for a year, they would probably find that the number of good hands about equalled the number of poor ones.

Lady Luck is a very uncertain personage. People who depend on luck for their success, would do better to look to training and study of the things they are doing, and the effort to do well whatever they undertake. Lady Luck has a way of favoring those who do things skillfully and well.

FRANKNESS OF YOUTH

Many families are embarrassed by the frank remarks which their children make when the parents are entertaining visitors. Youth speaks its mind very freely. Older people learn to cover their real thoughts with polite words, but the youngsters have not usually learned that useful art.

A newspaper humorist told about one youth who was watching a visitor very closely. The visitor asked the youngster why he looked at him so observantly. The youngster remarked that he was just waiting to see him take his glass of water, as his father had said that this man drinks like a fish.

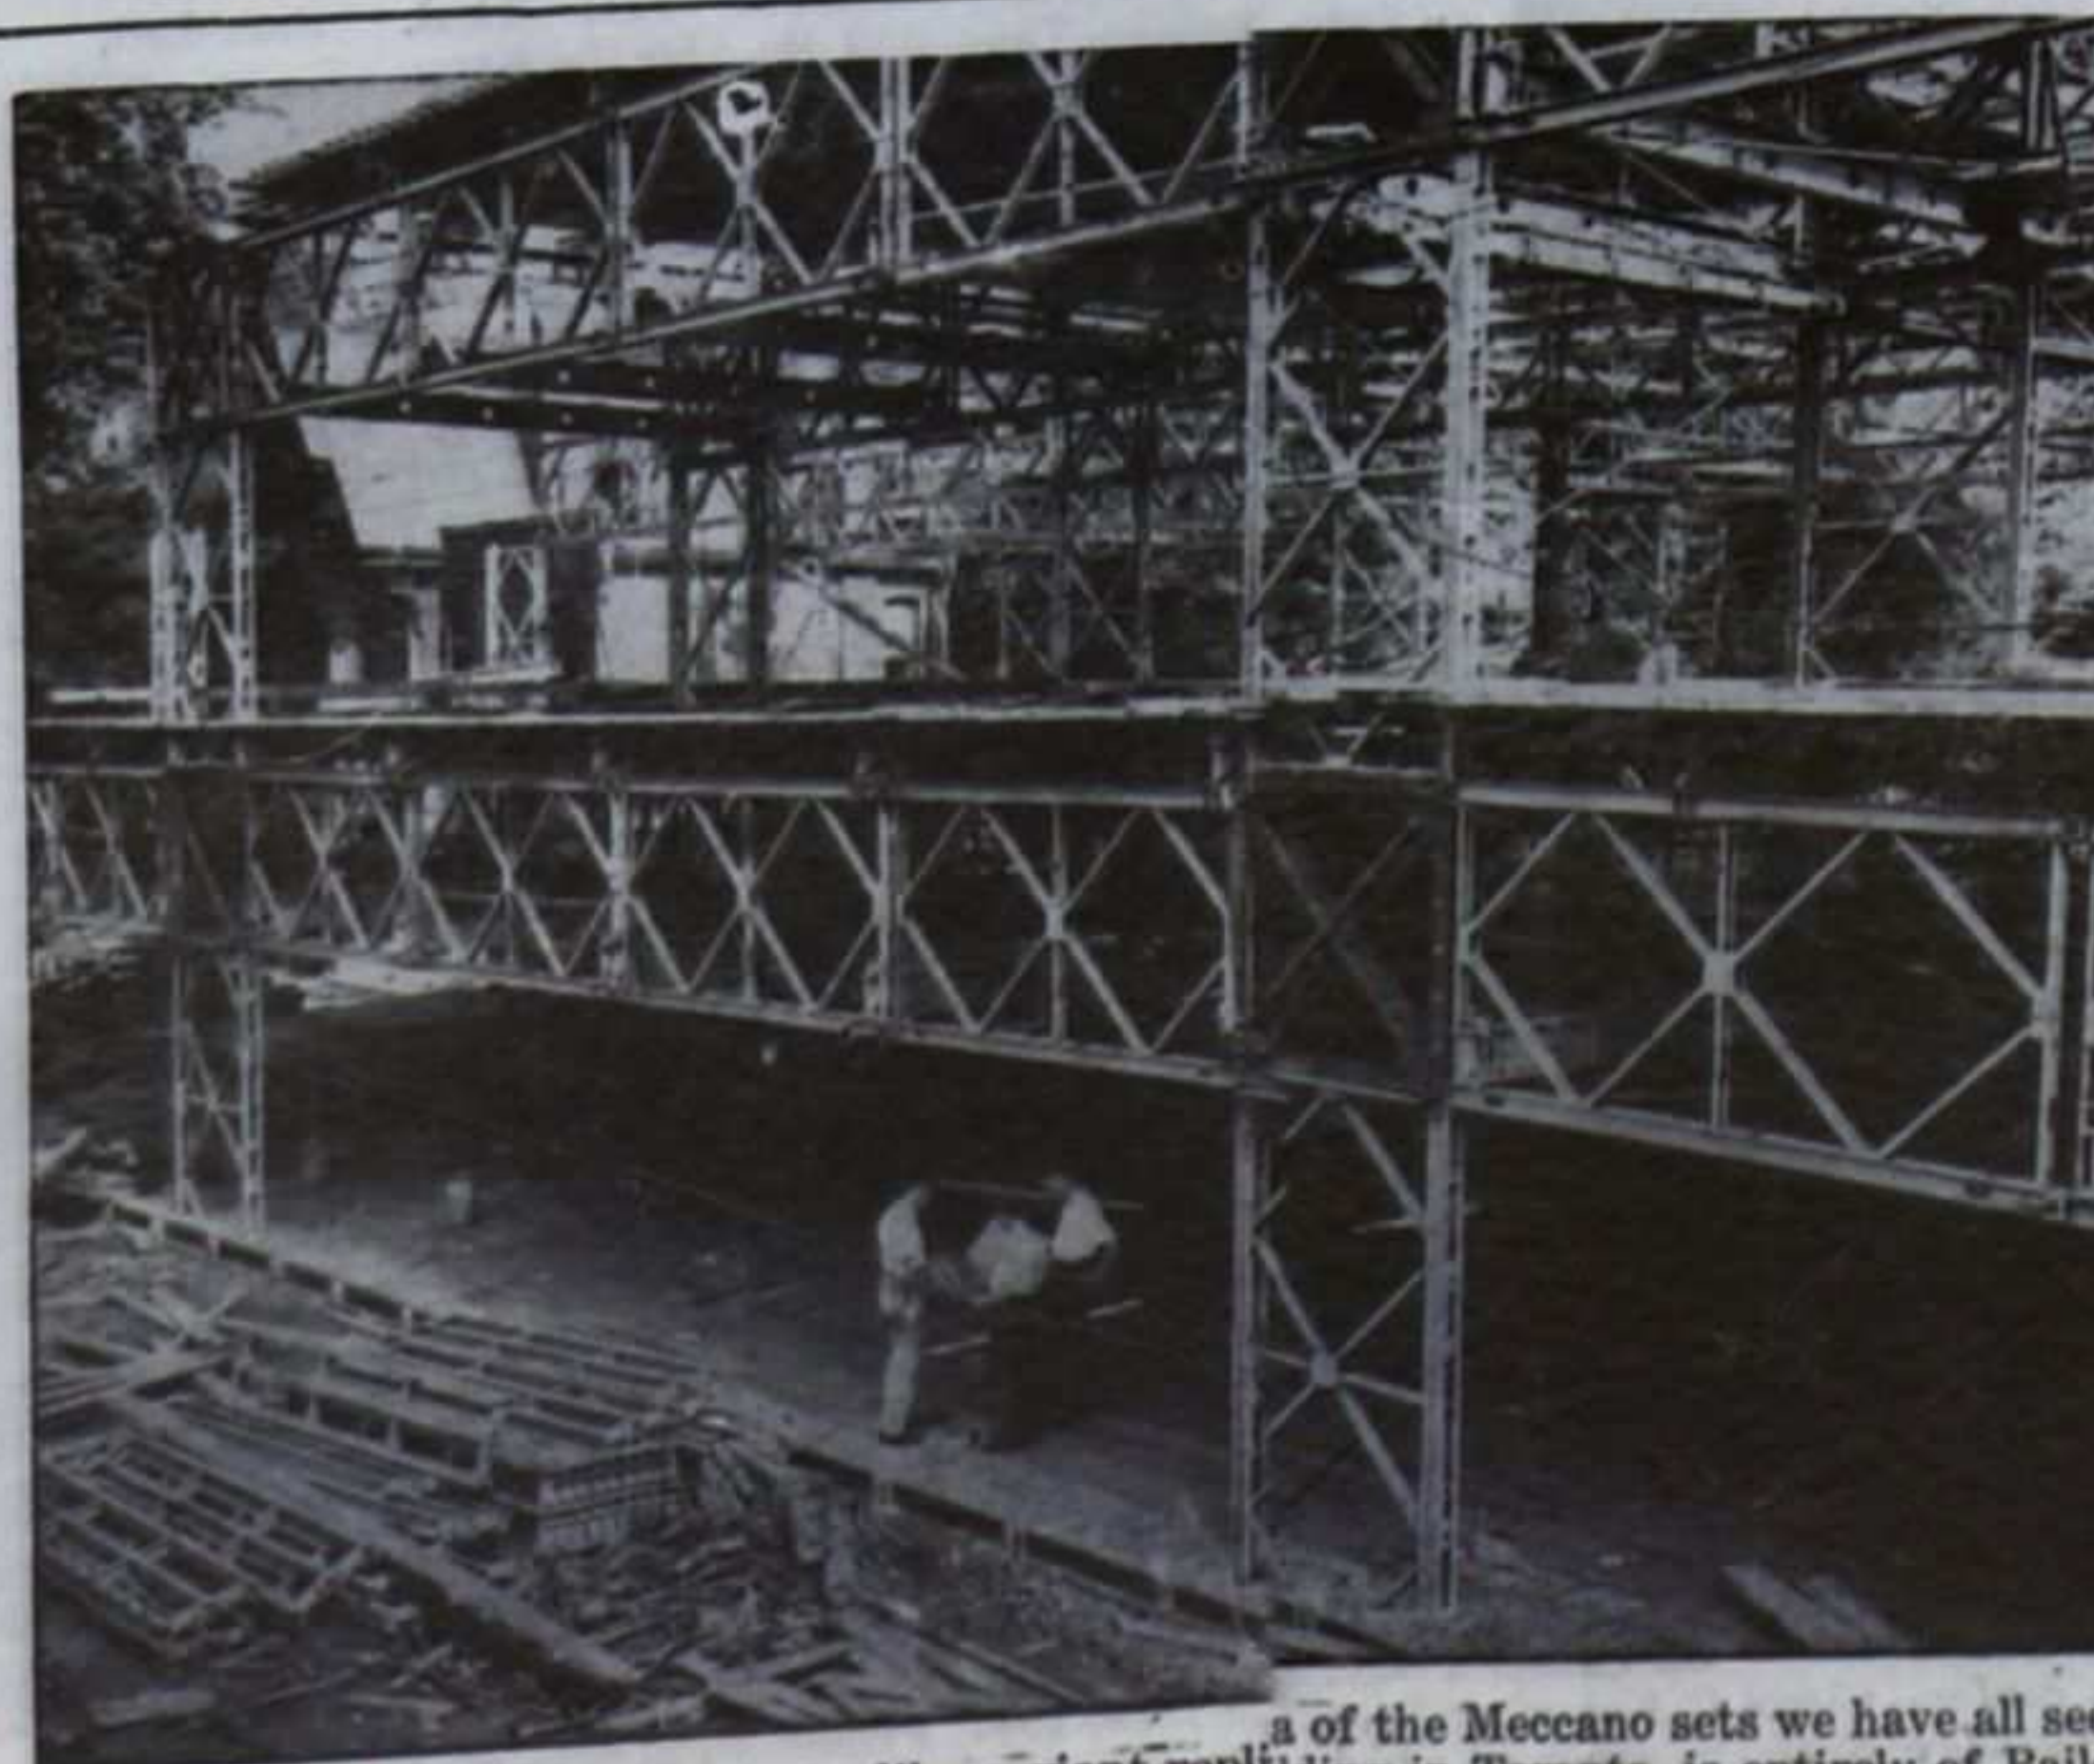

Perhaps many youngsters say equally frank and disconcerting things. They may be thought inappropriate, but if grown-ups more often expressed their thoughts with frankness, some people would get a clearer idea of what the world thinks about their conduct.

NO BA'ONEY

According to Mencken's new "Supplement to the American Language," the once childless hamburger now includes among its family the following members: Chickenburger, cheeseburger, clamburger, limburger, nutburger, porkburger, beefburger, kirchburger, barbequeburger, steakburger, spamburger, huskiburger, bar-burger, sausageburger, pickleburger, tomatoburger and wimpurger.

Real contentment is a "bank" on which you can never overdraw.

The only thing some of us save from our days of prosperity is our bad habits.

May go to Smithville on Saturday night to pay my yearly visit to "The King of Smithville," Mark Cosby. Last year I landed in that burg with a pair of bag pipers in tow. It was a baww night.

Looks to this column that there is at least one governmental body that is treading water backwards, and fast. Only trouble is they just don't know where to pull in and dock, with safety.

Tufford The Earl, Jr., parading Main Street with Grandma Fisher. 14 blonde months old and flying around like a cricket. Looks like he'll be a better hockey and ball player than the Pater ever was. He'll be a doozer if he is.

If Beamsville can sell The Bank of Commerce debentures at 101.01, bearing interest at a little less than three percent, then Grimsby should be able to sell The Village Banker debentures at 202, bearing interest at one and one-half percent.

Smithville Fair tomorrow and Saturday. Big pumpkins, fine horses, pretty milk-fed maidens and tall tales of the years gone by will be big features. Benny Heaslip, The Laird of St. Anns, will be there in all his glory, particularly in the tall tale telling class.

This is a whizzer. Pa and ma and the little gaffer were in the Peach Bar. When they finished imbibing the little fellow wanted to pay the bill so pa handed him a two dollar bill. He paid the lady cashier and turning around handed the change to ma. That was sure putting one over pa.

A TOAST

Here's a toast I want to drink
To a fellow I'll never know—
To the fellow who's going to take my place
When it's time for me to go.
I've wondered what kind of a chap he'll be,
And I've wished I could take his hand,
Just to whisper "I wish you well, old man,"
In a way that he'd understand.

I'd like to give him the cheering word
That I've longed at times to hear;
I'd like to give him the warm handclasp
When never a friend seemed near.
I've learned my knowledge by sheer hard work,
And I wish I could pass it on
To the fellow who'll come to take my place,
Some day when I am gone.

Will he see all the sad mistakes I've made,
And note all the battles lost;
Will he ever guess the tears they caused
Or the heartaches which they cost?
Will he gaze thru the failures and fruitless toil,
To the underlying plan,
And catch a glimpse of the real intent
And the heart of the vanquished man?

I dare to hope that he may pause some day,
As he toils as I have wrought,
And gain some strength for his weary task
From the battles I have fought.
But I've only the task itself to leave,
With the cares for him to face,
And never a cheering word to speak
To the man who'll take my place.

Then here's to your good health, old chap,
I drink as a groom to his bride;
I leave an unfinished task for you,
But God knows how I've tried.
I've dreamed my dreams as all men do,
But never a one came true,
And my prayer today is that all my dreams,
May be realized in you.

And we'll meet some day in the great unknown—
Far out in the realms of space;
You'll know my clasp when I take your hand
And gaze into your tired face.
Then all failures will be successes
In the light of the new-found dawn
So today I'm drinking your health, old chap,
Who'll take my place when I'm gone.

Penned and Pilfered

DEBUTANTE EVENING

By PRUNELLA WOOD

The season for 1948 debutantes is just ahead, and many of the girls are having pre-debut dates which lead up to the big event. For their great date we suggest a frock as pretty as this traditional white model, made of filmy net, yard after yard, and with its popular strapless bodice garlanded prettily with old-fashioned moss rosebuds. The gown is modelled by Miss Mary Muffet of St. Louis, herself a sub-deb. (Poor girl, the awful jokes she'll have to stand for, about sitting on a tuffet and along coming a spider!)

Mainly For MILADY

STRICTLY CANADIAN

By CLAIRE WALLACE

Introductions have always given people trouble and Canadians are no exception. Perhaps some day, we'll all wear our names written on our brows in Neon lights to be flashed on and off at will and then the problem will be solved.

Meanwhile, we struggle on trying to remember people's names and fumbling to shake hands, but even with these difficulties, our Canadian way of salutation is much easier than in some other countries.

People introduced in the Andamans, when two people meet each other when the other's hands. The Ainu of Japan rub palms together. Some Negroes of Africa snap their fingers when meeting. In the Banks Island, they really overdo it . . . two men meeting lock the middle fingers of their right hands together and pull until they crack the knuckles! These are just a few of the many ways of greeting, when a body meets a body.

In Canada there's the very simple business of shaking hands and the hardest part of the introduction is to remember who to introduce to whom. This probably puzzles more people than any other rule of etiquette.

There are two basic rules. First . . . you introduce man to woman and, even if the man is elderly and the girl young, you should still do it this way: "Miss Jones, I'd like to introduce Mr. Smith." Of course, there is always the exception to the rule. If the man is a dignitary of the church, then the woman is introduced to him because the church is above all. When you get into royal circles, the same rule holds good . . . a woman is, of course, always presented to royalty. In Canada, that means a woman is introduced to the Governor-General or the Lieutenant-Governor, in their official capacity, as representative of the King, and the social swim of some countries, women are also introduced to In the title, but we don't hold much with that practise in our democratic country.

Another basic rule of introduction—when two people are of the same sex, the younger is introduced to the older. But you can solve same sex, problem of introductions very easily and correctly—if you remember to mention the name of the more distinguished or older person member to Mr. "Mrs. Roosevelt . . . Miss Hill."

first. This way of introduction on politeness. When introducing two people you Here's a , I want you to meet my friend, Mary." It is not good never say, "Hele means more to you than the other. Perhaps she does, form to imply or so out loud.

but you don't say the mailbag—A reader, Miss E. V. of Truro, N.S., Dipping into always taught us that it is bad form to butter a writes: "My mother while holding it in the hand. But so often I see piece of bread or a doing that. Isn't it bad manners?"

people in restaurants' good! Correct way is to break the bread or ANSWER: "Tian piece at a time, holding it on the plate as you roll into pieces, butter piece of bread before you butter another. And do so. Eat that buttered is cutting the bread or roll with a knife; it other thing to be avoid fingers. should be broken with

BABY - SITTERS IMPOSE RULES

A group of baby-sitters in a Southern town, the oldest member being only 14, organized recently to draw up some by-laws on the business of child care.

A 13-year-old who is president of the group announced that they had decided on these self-imposed rules:

1. Never leave a child alone.
2. Always know where you can get in touch with the parents.
3. Never fail to call the parents in an emergency.

They also decided that they would take no sitting jobs that would last after midnight, and that they wouldn't let baby-sitting interfere with their school-work.

For youngsters their age they are showing pretty good judgment.

These baby-sitters, themselves, recognize the need for knowing something about child care. But too many parents don't even bother to find out beforehand whether or not a baby-sitter has sense enough to watch a child.

Furthermore, often parents will leave a young baby-sitter with a household of children.

The very fact that there is an organization of baby-sitters, that has a 14-year-old as its oldest member, is proof that many parents today go out and leave their children in the care of paid sitters who are just children themselves.

It looks as though these earnest young sitters are showing up a lot of modern parents by being more concerned over the welfare of the children than the parents themselves.

QUICK TRICKS

No housewife knows all the tricks of the trade. Perhaps a few of the following will be new to many:

A little celery salt added to the cracker crumbs used to pad oysters for frying gives a pleasing flavour.

To remove fat from hot broth pour the broth through a cloth that has been rinsed in cold water.

For ever-ready onion seasoning, plant a few sprouting onions in a flower pot. As the shoots appear they can be removed for seasoning and others will soon take their place.

Light coloured molasses can be darkened to make gingerbread by adding a teaspoon of melted chocolate for each cup of molasses.

For keeping grains of rice separate and white while cooking, add a teaspoon of lemon juice to each quart of water.

To prevent fish from sticking to the bottom of the pan when frying, sprinkle a little salt over it.

A sprig of mint and a little sugar added to fresh green peas, while cooking, enhance the flavour.

Add a little salt to the first water in which spinach is washed. It will not have to be washed nearly so many times.

Dampened salt can be restored by the addition of a little cornstarch. On teaspoon of cornstarch to six of salt is about the right proportion.

Job had patience, but we bet none of his acquaintances ever wanted to borrow a book before he finished reading it.

When You Need A Nurse CALL THE V.O.N.

The Victorian Order of Nurses, Lincoln County Branch, is now being established as a community service. Two nurses will be on duty October 1st, located in Port Dalhousie and Smithville. They are there to serve you in the following ways:

Maternity Cases — over 40% of last year's visits were maternity cases—V.O.N. will come right into your home, help care for the new baby, and give the mother valuable instruction.

Sickness in the Home — call your V. O. N. nurse for bedside nursing care for the sick, on a visiting basis. The special requirements of

the many patients who do not need, or cannot afford, the full time services of a nurse are the responsibility of the V. O. N. Nurse.

The Victorian Order offers to the people of a community a nursing service best fitted to meet their needs as determined by the Local Committee, in consultation with the proper authorities.

The local branch is the first rural branch in Canada, and has been established for YOUR use. (A \$1.00 or more donation brings membership in this great organization. Your local representative is W. R. Boehm, Grimsby).

WATCH THIS PAPER FOR DETAILS OF PHONE NUMBERS WHEN THE V. O. N. BEGINS ITS GREAT WORK ON OCTOBER THE FIRST.

THE MIXING BOWL

Annellian
HOME ECONOMIST

Hello Homemakers! One of the best fuel-saving utensils is the pressure saucepan. It is ideal for large and small families, rich and poor, career women and homemakers.

Nutritive value, colour and flavour are maintained to a high degree if you observe the correct length of cooking time while using the pressure method. Furthermore, if you follow the rules, nothing ever burns and the pan is easy to clean. To remind you of seasonal dishes, we submit a chart for preparation of four servings.

TIME TABLE

FOR PRESSURE COOKER

(Cooking Time in Minutes after indicator reaches "cook")

Meat Balls (1 cup tomatoes) 10 mins.

Swiss Steak (1 cup water) 15 mins.—after browning.

Picnic Ham (1 cup water) 45 mins. for 5 lbs.

Lamb Stew (1 cup water) 15 mins.

Tongue (2 cups water) 50 mins.

Squash (1 cup water) 13 mins.—in pieces.

Potatoes (1 cup water) 12 mins.—whole.

Turnips (1 cup water) 4 mins.—pieces.

Carrots (1 cup water) 3 mins.—sliced.

Fruit Custard—4 mins.

Brown Betty—10 mins.

Cranberry Pudding—35 mins.

Fine Oatmeal (2 1/2 cups water) 2 mins.—one cup cereal.

Spaghetti (3 cups water) 6 mins.—one cup of pieces.

Rice (1 1/2 cups water) 10 mins.—one cup rice.

Brown Soup Stock

2 lbs. lean beef, 2 qts. water, 1/2 cup diced carrots, 1/2 cup sliced onion, bone marrow, 1 small bay leaf, 1 tsp. salt, 1/2 cup celery with leaves, spray parsley.

Cut bone marrow into small pieces and render. Cut meat in small pieces, place half in Cooker, add water. Brown the other half of meat in the melted marrow, add remaining ingredients. Cook 20 minutes. Strain soup and keep in cool place.

Meat Loaf

1 1/2 lbs. round steak, 1/2 lb. pork, 2 eggs, beaten, 2 tbsps. chili sauce, salt and pepper, 1 onion, 1 carrot, 1 stalk celery, 1/2 cup corn flakes, 1 tbsps. fat. Have meat ground twice. Grate all ingredients and mix well. Form into a round loaf by placing the meat on wax paper and form round and firm with your hands, remove paper. Heat Cooker, add shortening and sear, until brown, loaf can be easily turned with pancake turner. After searing, add 2 or 3 tbsps. water. Cook 15 minutes.

Swiss Steak

2 lbs. round steak (1 inch thick), salt and pepper, 2 tbsps. chili sauce, salt and pepper, 1 onion, 1 carrot, 1 stalk celery, 1/2 cup corn flakes, 1 tbsps. fat. Have meat ground twice. Grate all ingredients and mix well. Form into a round loaf by placing the meat on wax paper and form round and firm with your hands, remove paper. Heat Cooker, add shortening and sear, until brown, loaf can be easily turned with pancake turner. After searing, add 2 or 3 tbsps. water. Cook 15 minutes.

Chocolate Pudding

3 tbsps. shortening, 2-3 cup sugar, 1 egg, 2 one oz. squares of unsweetened chocolate, 1

Heat Cooker, add fat. Season steak dipped in flour pounded with knife. Brown on all sides. Place cut onions on steak with horseradish. Add water. Cook 15 minutes. Steak may be cut into strips before cooking. About 3 to 5 strips to the pound.

FLOUR AND BREAD PRICES TO BE INCREASED

Government Withdraws Subsidy to Consumer

CANADIAN housewives will soon be asked to pay higher prices for flour. The Milling Industry of Canada would like to tell why.

Nearly six years ago the price of flour was fixed at the low prices then ruling, based on wheat costing 77 1/2¢ per bushel when milled for use in Canada.

Since then, the price of wheat has advanced step by step, but the Government has paid the difference in the form of a consumer subsidy in order that you might buy flour and bread at no increase.

Wheat has actually risen to \$1.58 1/2 a bushel so that for some time past the Government has been paying more than half the full cost.

Now the Government has dropped the subsidy and the price Millers will pay for wheat through the Government Wheat Board will be more than double what it was originally. That is why the cost of flour will be increased.

Furthermore, the cost of bags, other supplies, labour and transportation has increased substantially during the control period.

Canadian Millers, however, knowing the importance of flour in the family diet pledge themselves to keep the price as low as they possibly can.

The prices of practically all ingredients in bread have also risen sharply and your Baker must take this into consideration when calculating his new prices.

The Flour Milling Industry of Canada

cup milk, 1 1/2 cup flour, 3 tsp. baking powder, 2 cups water. Cream shortening and sugar; add egg and chocolate; beat thoroughly, add sifted dry ingredients alternately with milk. Fill greased moulds lined with wax paper 2-3 full; cover with wax or parchment paper. Place coffee can lid and rack in Cooker with 2 cups water. Steam without indicator weight for 15 minutes, then put on indicator weight and cook 25 minutes.

TAKE A TIP

To obtain best results from Pressure Cooker:

1. Keep the cover handle and cook-handle tight.
2. Always keep sealing bands clean

and be sure vent pipe is open and clean before each use.

3. Be careful not to drop indicator weight.

4. Never pour cold water into a dry, overheated cooker as this may cause it to crack.

5. Be sure at all times to remove indicator weight before attempting to remove cover. Do not force cover open if it seems to stick or is hard to turn—this means there is still pressure in the cooker and it should be cooled again in a pan of cold water.

6. If the cooker should leak, remove the gasket and turn it over. Insert it again.

7. When cooker is not in use, it is advisable to keep the lid off, or

for compact storing, turn cover upside down. Keep it in a dry place.

8. Do not insert indicator weight in water as this will cause the inside of it to rust.

9. Never strike rim of cooker with spoon or knife. This will cause nicks and allow steam to escape.

Anne Allan invites you to write to her c/o The Grimsby Independent, Grimsby, Ontario. Send in your suggestions on homemaking problems and watch this column for replies.

FIVE FOOD GROUPS

Nutritionists declare that each of the five main food groups is essential to physical well being, and point out that, for pleasure and profit, we must all be well fed.

Every day, they say, we should eat from half a pint to a full pint of milk (for adults), one citrus fruit and one other kind of fruit, some potatoes and at least one other vegetable, and, wholegrain cereal, as well as a meat or fish dish. At least three times a week, too, Canadians need eggs or cheese, it is asserted.

FURNACE FIRING FINANCE

How to have better heat, more room in your home, greater firing ease—at less cost.

When you put in a Livingston you do these things. You cut down coal costs—and save the difference year after year . . . you turn troublesome furnace work into a pleasure . . . you have a better home, worth more any time . . . you always have even heat and a clean house . . . it takes only a few hours to install it in your present furnace. A Livingston Stoker improves a home far beyond the outlay. The saving on a year's fuel for this automatic coal burner represents a substantial part of the stoker's cost. These are reasons why you should put in a Livingston Stoker now, ready for next winter.

The Livingston is specially designed and built for home heating. It will give you not a minute's worry or trouble.

The new smaller-sized Livingston is adapted to the home of modest income. It helps save where savings are most important. It makes a good basement into a livable room. The larger Livingston, if needed, pays in proportion. A Livingston survey, your home heating needs, friendly and free.

Hints On Fashions

New accessories, attractively priced, in contrast to what has been obtained for these many seasons, add their quota of interest to the new fashions. Polished cowhide is used for the neat and useful double bag which has one handle slipped through a gold loop. A gauntlet glove of beige doeskin is cut on easy lines with a row of self fringe tassels decorating one side. Gray velvet is used for the hat which has a folded back double brim and a softly draped and puffed crown. It is the sort of thing that would go nicely with either a suit or a dress.

CONTINUATIONS From Page One

MILK BOARD CHAIRMAN

1. A second plant had never been
successful in Grimsby and there
had been at least two failures in
the past.

2. There were other applications
which had priority over the Thomp-
son application. Other applications
had been turned down before Mr.
Thompson asked for a licence.

3. After Mr. Thompson asked for
a licence and was turned down he
started in business anyway. (He
did receive a licence from the
Grimsby Town Council but this has
no effect on the Milk Board author-
ity).

4. A second application, which is
the one which the present contro-
versy concerns, was made in the
name of Mr. Thompson's son.

The Board had "a great responsi-
bility," Mr. Meek said, "and in
view of these reasons it didn't feel
that it could grant a licence.

Commenting on a claim which
was aired before the Grimsby
Council that there were eight dairies
serving Burlington which had a
population less than double
Grimsby's, while only the one ser-
viced Grimsby, the chairman said
that actually there were only two
dairies in Burlington. The others
were Hamilton concerns which had
licences to deliver milk in the town.
The Hamilton dairies, he said, had
been delivering milk in Burlington
when the Milk Board was first set
up, and it was its policy then to
issue licences for all districts that
the existing dairies had been ser-
vicing.

Regarding a claim that the
Beamsville dairy delivered milk to
the Grimsby town limits but was
barred from doing business in
town, Mr. Meek said that it had
now been granted a licence cover-
ing the town. He said that it had
a standing application for consid-
eration for a licence when it was
decided that a second dairy could
be opened in Grimsby.

The Milk Board has power to
prosecute Mr. Thompson for oper-
ating without a licence but at
Queen's Park it is thought impro-
bable that it will take any action
along this line at least until the
report of the Royal Commission on
Milk has been brought down.

The Commission has been sur-
veying the functions and powers of
the Board and it hasn't initiated
any prosecutions since the inquiry
got under way nearly a year ago.
The report is expected to be made
public within the next few weeks.

FAMILY HEALTH

Health practise, like charity,
should begin at home, in the opin-
ion of Canada's health authorities.
Right in the home, they suggest
the development of habits of per-
sonal hygiene, safe sanitation, good
nutrition, and sane recreation.

COUNTY COUNCIL

At the opening of the September
sessions of the Lincoln County
Council in St. Catharines Tuesday,
Warden W. L. Patterson of Nia-
gara-on-the-Lake, and the assem-
bled reeves and deputy-reeves of
Lincoln municipalities were faced
with a request that the salaries of
the county constables be increased.

The request for more pay for the
constables was made to council by
Sheriff Will H. Villiers of Lincoln
who stated that the present rate
was inadequate. He recommended
that the rate of \$4 per day be in-
creased but he made no mention in
his request of what he thought the
amount of the increase should be.
He did however, inform council
that the present rate was a source
of general complaint by the con-
stables and that unless it was in-
creased he would lose the services
of some of his best officers.

A recommendation was made to
council by Ron Keating, Merriton
assessor and chairman of the Lin-
coln County Assessors' Association,
that the council advise county re-
sidents by letter regarding the
theory and practice of the new as-
sessment procedure recently adopted.
He pointed out that such a step
might go far to alleviate any un-
favorable reaction and adverse
comment.

Lincoln was requested by the
County of Wentworth to give ap-
proval to a resolution recently
passed by the council of that coun-
ty.

The Wentworth resolution re-
quested the government to increase
financial aid to hospitals for incur-
ables to an amount so that an in-
crease of 50 cents per day by munici-
palities will be sufficient to sat-
isfy the hospitals and cover the in-
creased costs.

The resolution has been sub-
mitted by Wentworth to government
officials, and to other county coun-
cils for approval, due to the fact
that the maintenance of patients in
hospitals is showing an ever-in-
creasing cost and also because of
the fact that hospital officials are
asking for an increase in the pay-
ment for indigent patients from
\$1.50 to \$2.50 per day.

PRE-WAR LEVELS

Here's the great news you've waited for. The
longest mileage tires of all time . . . built by
B. F. Goodrich—now sell for less than pre-
war prices! Think of it! You can now get
better than pre-war mileage at less than pre-
war tire cost!

And that's not all. When you buy B. F. Good-
rich Tires at the new low price you get extra
safety. You get the famous flat tread . . . the
massive, 35% stronger sidewalls and tire body
. . . that have been proved in more than 21
MILLION bruising test miles!

These are the tires you need . . . for longer
mileage . . . for greater safety . . . for money-
saving value. Don't delay. See your nearest
B. F. Goodrich Tire Dealer—TODAY!

Mr. Donald Riches leaves today to enrol in the Faculty of Science, Toronto University.

Mrs. D. H. Gesner, of Battle Creek, Mich., is the guest of Mr. and Mrs. Burton Bentley, Main W.

Mrs. George Kammacher leaves today for a two weeks' visit with friends and relatives in Ottawa.

Mr. and Mrs. Jack Ryce, of Toronto, spent the weekend with Mr. and Mrs. George Robertson, Clark St.

Little Charlene Davena Woods has been spending the past month with her grandmother, Mrs. Thomas Stephen.

Charles and Mrs. Woods, Hamilton, spent Sunday with Mr. Woods' mother, Mrs. Thomas Stephen, Elizabeth St.

Mrs. Jack Robertson has returned to Toronto after a week's holiday with her mother-in-law, Mrs. George Robertson.

Mr. and Mrs. Carl Thompson and Mr. and Mrs. Jack Dougherty of Thornbury, were callers on Mrs. O. Brockelbank on Monday.

Mrs. Daniel Wells of Palmerston, has returned home after spending two weeks with her parents, Mr. and Mrs. James I. Theal.

Mr. and Mrs. Spencer Merritt of Robinson St. South, have just returned home after spending two weeks at Honeyoye Lake, New York.

Many friends of Mrs. William H. VanDuser, Ridge Road west, will tomorrow extend to her congratulations upon the occasion of her 90th birthday.

Eric E. Ewing of Toronto, a former manager of the local branch of the Bank of Commerce was renewing old friendships in town on Wednesday last.

Mr. Donald Pettit returned home this week from MacDonald College, St. Anne de Bellevue, Quebec, where he has been on the Landscaping Staff of Department of Horticulture, for the summer.

Mr. Havelock Jewson leaves on Saturday to take up residence at Hollywood Hall to enrol in the Faculty of Physical and Health Education at University College, Toronto University.

With Mrs. George Warner, the president, in the chair, the W. A. of West Lincoln Branch Canadian Legion met in the Legion Hall last Wednesday night. Many members being absent, only general matters were taken up and discussions held on the proposed activities to be held during the winter months.

The many friends of Miss Peggy O'Neill will be happy to know that she is convalescing at her home after spending six weeks in the hospital. Miss O'Neill is giving her most able supervision to the most important tasks of operating the Inn but it will be a while before she can cater to the patrons of this fine hotel as she did previously.

Among the members of last term's graduating class at Grimsby High School who have enrolled for University courses are: Jeannine Nelles, Elaine Brownlee, Madeline Pogacher, Havelock Jewson and Donald Riches, all at University of Toronto; Arthur Brydon, Frances Dafos and Betty Hand, at Queen's University; Louise Knight, at Rhode Island School of Design.

A very interesting event occurred at the home of Mrs. W. Pinder last week when a variety of night blooming cactus common to the southern U.S.A. bloomed. This plant blooms only once a year and produces a large white blossom which is capable of filling an ordinary room with perfume. The plant owned by Mrs. Pinder produced two flowers on two consecutive evenings.

The man who refers to them as his happy school days has evidently forgotten all of the whippings he received.

A small town is the place where a person has leisure enough to keep up with his business and the business of his neighbors, too.

AN EARLY AUTUMN NUPTIAL COUPLE

The marriage was solemnized in Hamilton on Saturday, September 6th, of Margaret Anne, eldest daughter of J. Ritchie and Mrs. McVicar, St. Andrew's Avenue, to Thomas J. Prestney, son of Mr. and Mrs. T. S. Prestney of Hamilton. Photo by Robert Alldrick.

Nuptials

PRESTNEY - McVICAR

On Saturday, Sept. 6th, at the rectory of St. Ann's Church, Hamilton, the wedding took place of Miss Margaret Anne McVicar, daughter of Mr. and Mrs. J. R. McVicar, Grimsby, and Mr. Thomas Prestney, son of Mr. and Mrs. T. Prestney, Hamilton.

The bride wore a powder blue dress with navy accessories. Her flowers were American Beauty roses. She was attended by Mrs. George Furness, wearing a pale blue dress with corsage of Tallinn roses. Mr. Terence Cassidy was groomsmen.

A small reception was held at the Rycroft Inn. For going away, the bride wore a navy gabardine suit with navy and white accessories. The couple spent their honeymoon in the Muskoka district. They will reside in Hamilton.

BAKER-GIBSON

Rev. Norman Rawson officiated at the wedding, at 5.30 o'clock, on Saturday, September 6, in Centenary United Church, when Caroline, daughter of Mrs. Howard Stirling, Hamilton, and the late Mr. H. L. Gibson, Grimsby, became the bride of Mr. William Henry Baker, son of Mr. and Mrs. E. C. Baker, Dundas.

The bride, given in marriage by her brother, Mr. Walter Gibson, Grimsby, wore a princess style gown of white satin with lace inserts, fashioned with sweetheart neckline. Her long veil of embroidered tulle was held in place by a white satin halo adorned with orange blossoms, and her bouquet was of white gladioli and red roses against a background of white plumes and satin streamers. Miss Norma Gibson, maid of honour, was gowned in pale blue embroidered organza with flowered halo, and carried a bouquet of yellow roses. Her other attendants were: Mrs. Mae Gibson, in blue flowered embroidered organza; Miss Mary Hildreth and Miss Marion Allen, both wearing pink organza, all having matching halos and carrying pastel gladioli and roses. Flower girl, Linda Quinn, Toronto, as a young girl, was dressed in white, and with pink and blue headpiece, and in her bouquet were flowers of same shades.

The best man was Mr. F. A. Baker, brother of the groom. Those ushering were: Mr. E. A. Baker, Jr., Mr. James Sayers and Mr. Augustus Marshall.

The church decorations were white and pastel gladioli, and Helen Hunter sang, accompanied by Mrs. Roy Pearce, at the organ.

A reception was held from 6 to 8 at George's Dining Room, Barton Street, the bride's mother receiving in flowered jersey the corsage of white gladioli, while a groom's mother, assisting, wore black and turquoise frock, her pink gladioli and roses in the corsage. For the wedding trip, the couple left by motor for points north, the bride travelling in a pale blue jersey ensemble with beige shortie coat, blue felt hat and brown accessories. Her flowers were pink roses. They will reside in Hamilton.

Probably the biggest of all fools is the man who likes to fool himself.

Baptist Church

MISSION BAND HOLDS FIRST MEETING OF SEASON

On Friday evening, September 19th, the Mission Band of the Baptist Church will hold its first meeting for the season.

Miss K. Ossichuk and Mrs. K. Bratton, the leaders, will both be present ready to welcome all former members of the Band and any other boys and girls of Mission Band age who may like to attend.

The meetings will be interesting and new and attractive hand work will be done there.

The parents are asked to remind their boys and girls of this meeting.

RALLY DAY IN

BAPTIST CHURCH SCHOOL

Next Sunday will be Rally Day in the Baptist Church School when the entire school will meet in open session for the Rally Day Program suggested by the Board of Religious Education.

The Superintendent, Miss M. Cline will be back in charge after her summer's leave of absence, during which time her capable associate superintendent was in charge, and the teachers and officers of the school have planned an interesting Rally Day Service to be held in the School Hall at 10 o'clock next Sunday morning.

There will also be a promotion of scholars to higher departments and some new classes will be formed.

Every scholar and teacher and officer of the school is urged to be present and it is hoped that the attendance of every class will be one hundred per cent.

The parents of scholars and others interested in the religious education of the youth of the congregation are also especially invited to be present and thus encourage those to whom has been entrusted this important task.

Wedding Announcement

The marriage of Miss Marion Gertrude Smith, daughter of Mr. and Mrs. A. F. Smith, of Grimsby, to Mr. Dennis Robert Heywood, of Grimsby, son of Mr. and Mrs. Joseph Heywood, of Binbrook, will take place Wednesday afternoon, October 15th, at 2 o'clock in St. Andrew's Church.

Coming Events

Alexina Rebekah Lodge will hold a Homemade Bake Sale on Saturday morning, September 27th, from 9 to 12 o'clock, in the Grimsby Natural Gas Office.

The Ladies' Auxiliary, West Lincoln Memorial Hospital, are having an elimination bridge tournament for women, beginning October 1st. Anyone wishing to enter please telephone Mrs. Wade, 133, or Mrs. Ramsay, 124. Five rubbers will be played, 50c per person each game.

I.O.D.E. "September Group" under the convener of Mrs. Nell Leckie, is holding a Bake Sale in the Grimsby Natural Gas Office on Saturday, September 20th. Remember the date.

In Memoriam

YORK—In loving memory of a dear husband and father, Alexander R. York, who passed away September 18th, 1945.

No length of time,
No lapse of years,
Can dim my loved one's past,
For treasured memories hold him fast.

And will, while memories last,
—Ever remembered by wife and family.

HURST—In loving memory of our dad, Harvey Hurst, who passed away two years ago today, September 18th, 1945, also mother, January 4th, 1937.

Though the tears in our eyes do not gladden,
And our faces don't always look sad,
There is never a night or a morning,
But we think of the parents we had.

—Never forgotten by the family.

I.O.D.E.

The I. O. D. E. Tag Day on Saturday, Sept. 13th, under the able convener of Mrs. Walter Morris, was very successful, thanks to the generous donations from the citizens of Grimsby, Grimsby Beach, and vicinity; total contributions amounted to \$72.48.

The committee in charge for Grimsby were Mrs. Erwin Phelps, Mrs. Wm. Lothian, Mrs. H. E. Marlow, Mrs. Harold Matchett, and Mrs. C. E. Dunham, while Mrs. T. C. McWilliams looked after the girls tagging at Grimsby Beach. These taggers were Olive Clarke, Catharine Uren, Jacqueline Ellis, and Sally Mills, while the busy Grimsby group consisted of Judy Baxter, Mary Phelps, Betty Farrow, Cynthia Harrison, Lois Morningstar, Charlotte Globe, Claire McCausland, Ondra Farrell, Charlotte Hillier, Peter Bromley, Mickey Racz, John Dunham, Murray Shaw, and Richard Brown. Mickey topped the list with collections amounting to \$15.79, while Charlotte Hillier was tops for the girls.

The I. O. D. E. extends its sincere thanks to all contributors, to all the girls and boys who cheerfully worked so well, to all members of the committee in charge, and very especially to Peggy O'Neill, who so graciously allowed the use of the Village verandah.

CONGRATULATIONS

Mrs. William H. VanDuser, Ridge Road West, who will tomorrow celebrate her 90th birthday. She and Mr. VanDuser are enjoying fair good health and have had 64 years of wedded bliss.

GREEN TREES GUESTS

Mr. and Mrs. R. H. Maitland, Kentville, N.S., Miss Morne, Maryland, U.S., Mr. and Mrs. J. P. Weltz and Mr. and Mrs. M. A. Pettit, of Columbus, Ohio.

Mr. and Mrs. E. H. Roloff, Charlottesville, Va., Mr. and Mrs. H. A. Enright, Manchester, England, Mr. Geo. H. Fisher, Montreal, Mr. and Mrs. W. D. Brough, Brantford.

BEAVER CLUB

A monthly meeting of the Beaver Club was held Monday evening, September 15th, at the home of Mrs. A. Smith, Mountain St. The meeting opened with devotional exercises. Mrs. D. C. Thom-

son reading the Psalm. Arrangements were made to hold a Rummage Sale, Saturday, October 4th. A selection of poems was read by Mrs. R. Shafer. Weekly meetings of the Club will commence Monday evening, October 6th, in the Church Rooms at 8 o'clock. The Mizpah Benediction closed this part of the meeting.

A social hour was enjoyed when Mrs. Wm. Alldrick and Mrs. Robert Alldrick were hostesses and served delightful refreshments. A surprise Birthday Box was presented to one of the members.

Engagement

Mr. and Mrs. D. J. MacPherson, Winona, wish to announce the engagement of their youngest daughter, Verna Grace, to Mr. Earl Lucey, son of Mrs. Lucey, Grimsby, and the late Mr. Charles Lucey. Wedding to take place October 25th, at 3 p.m., in St. John's Church, Presbyterian, Grimsby.

DIAMOND WEDDING

Mr. and Mrs. Geo. W. Gledhill and family, John Street, will spend the coming weekend in Belleville, at the home of Mr. Gledhill's parents, who are celebrating their Diamond Wedding anniversary. It will also be the Silver Wedding of Geo. and Mrs. Gledhill, who will stop off at Toronto on Saturday afternoon to attend the wedding of their nephew, Lawrence Hurst, son of Lloyd Hurst, formerly of Thirty Mountain.

The senior Gledhills lived in Grimsby some twenty-odd years ago and will be remembered by many of the older citizens.

An old-timer is the one who can remember when there was such thing as cheap amusement.

Another reason why grandpa and grandma lived together without a divorce is that they didn't first meet in a tavern.

LADIES... LOVELY LADIES...

Activities of the various women's organizations in the town and township are now commencing for the fall and winter.

The Independent at all times is willing and happy to assist any and all organizations in their work. We are pleased to give all your endeavours the publicity that they deserve.

We must ask, however, that you please get your copy of all meetings, etc., in our office EARLY.... Also please do not ask our Lady Editor to take lengthy reports over the telephone.

Labor shortage in both our mechanical and editorial departments demand that we have all copy as EARLY as it is possible to secure it.

We hope you see our point.

RAISED 9,000 BIRDS

Executive members of the Ontario Federation of Anglers and Hunters, holding their quarterly meeting in St. Catharines over the weekend made a visit to the farm of the Niagara District Pheasant Breeders Association on the Pelham Road. Here, Henry Eller, executive member of the Pheasant Breeders, pointed out the difference between the ring-necked and the Elliott pheasants.

The Association this year raised 9,000 birds, and already has liberated 5,000 throughout Lincoln and Welland Counties to improve hunting on pheasant days. Another 1,000 were sold to the Ontario government and were released near Toronto and 600 were sold to New York State clubs.

The 2,500 still in the pens are too small for liberation yet; 2,000 of them will be released after pheasant days, and the rest will be retained for breeding stock for next year's hatch.

OPEN EVENINGS

A GREAT COMMUNITY SERVICE

Tracing its history back to the annual meeting in 1897 of the National Council for Women, presided over by the Countess of Aberdeen, the Victorian Order of Nurses is increasing its usefulness and prestige every year. On October 1 of this year, the Lincoln County branch comes into being for the benefit of every person in the county, the first rural branch so established in Canada.

Above is illustrated one of the greatest services performed by the V. O. N. — that of bedside care of the sick. The thoroughly trained nurses carry on their function mainly in home visiting, maternity work being among the most important duties. Funds are received from government and civic grants, bequests and memberships, and a small charge for each house call.

(A \$1.00 or more donation brings membership in this most worthy organization. Your local representative will be glad to help you. TODAY; it will help YOU when you are in need of a nurse. ever you require its valuable services. Watch this paper for announcement of telephone numbers when the V.O.N. commences its great work on October 1.

GRIMSBY WEATHER

Week ending at 8 a.m., Monday, September 15th, 1947.
Highest temperature 89.0
Lowest temperature 62.2
Mean temperature 76.3
Precipitation 0.57 inch.

Lions Club

Mr. P. V. Smith, Deputy District Governor, Zone 5, of District A 2, Lions International, attended the Board of Governors meeting of District A, Ontario and Quebec in the King Edward Hotel, Toronto, on Saturday, September 13th.

The Zone Advisory meeting of Zone 5, District A2, Lions International, will be held in the Village Inn on Tuesday, September 23rd. All Presidents, Vice-Presidents, Secretaries and Treasurers of the Lions Clubs are invited to attend. The meeting will be addressed by District Governor Mr. William Phipps of Paris, and International Secretary, Mr. Bruce Malcolm of Toronto.

When two men talk, it's a conversation. When man and wife talk, it is usually a monologue.

HERE IS UNIQUE IDEA THAT NEEDS YOUR HELP

In order to assist the Boy Scouts to raise funds for their troop activities the citizens are requested to save in good condition the coloured comic section of the weekly editions of the Standard and the Star Weekly also copies of the books of comics.

Please keep them available as a Boy Scout will call for them from time to time. These are required for overseas and there is a certain return which will aid the Scout Troop Funds. There is not any gain to the individual Scout.

Hear ye! Hear ye! The Student Executive has been chosen for the year. Don Mogg has taken his place as president, and a capable group was voted to assist him. The following is the list of filled offices.

Don Mogg—President.
Shirley Cornwell—Vice-President.
Lorne Lindensmith—Treasurer.
Jackie Constable—Secretary.
Ron Emerson—Curator.
Form Representatives were also chosen from the Student body.

Grade 13—Isabel Stevenson, Don Catton.
Grade 12—Ruth Cornwell, Alan Scrivener.
Grade 11A—Sadie Hinatsu.
Grade 11B—Eldon LeDrew.
Grade 10A—Donna Marsh.
Grade 10B—Robert Robertson.
Grade 9A—Irene Martyniuk.
Grade 9B—Victoria Palmer.

Besides this group of students, committees will be chosen from the forms to look after Social Activities and other school functions.

The first duty of the Executive is organizing a dance for Friday night. Grade 10 will have to get busy thinking up ways to initiate the students and teachers. Admission will be 15c a person and refreshments 10c extra. Time 8 o'clock. Let's hope everybody, especially first form, turns out to what promises to be a good party.

The school has had a busy week electing people. Four representatives were chosen from fifth form to attend Eaton's Council meetings. The lucky four are Jackie Constable, Alice Demerling, Don Catton and Don Mogg. The first meeting was held last Thursday in Eaton's Green Room. According to our four, the year of meetings promises to be most interesting.

TEACHERS OF THE WEEK

Miss D. Kuntz

Miss Kuntz is a graduate of Arts from her home town university, Western Ontario. Grimsby High is her first school and she is the youngest member on the staff. She teaches Latin throughout the school (one brave pupil in 13), middle school history, and grade nine Art.

Miss M. I. Pougnet

Miss Pougnet, despite mistaken ideas, is not a French Canadian, but a native of Windsor. She is an Arts graduate at Varsity, and is very interested in Athletics. Miss Pougnet teaches 10 and 11 History, Grade nine French, and Physical Health and Education. Does she like Grimsby? Oh, yes.

The same little boy who can't name the members of the cabinet is pretty good on remembering the names of all the comic-strip characters.

Obituary

MRS. JOHNATHAN WHITE
Mrs. Johnathan White, the former Lavina Bradshaw, of Stoney Creek, died at home on Thursday evening, after a short illness. Born in Hamilton 67 years ago, she resided in this district all her life.

Surviving are her husband; five sons, Stanley, of Windsor, Cecil, of Beamsville, Harold of Grimsby, Winston, at home, and Wilfred of Hamilton; two daughters, Mrs. O. A. Stickles, of Harrow, Ont., and Mrs. James Hamilton, of Hamilton city; also three grandchildren.

Boy Scouts

1st Grimsby (Lions) Troop
The Troop is going to be very active in its programme of building up its strength both in the number of lads but also financially. They have arranged a drive to collect the comic sections of the weekly newspapers and the comic books. These are required for overseas and for which the troop will receive some return. In addition the Scouts are preparing to sell boxes of Christmas Cards the profits from which will also swell the troop funds.

Unhappily we are losing several of our older members for a period of a year owing to the heavy demands of their studies now that the "fifth" in high school has claimed them. Troop Leader L. Betzner, Patrol Leaders D. Mogg, Don Catton and Doug Alton are our loss while they have been granted leave.

Patrol Leader Peter Phelps was presented with the basket weavers badge at the Monday evening meeting. Peter earned this last fall.

Work is now in hand in preparation for the Fruit Belt District Boy Scout Jamboree which will be held at Beamsville on Sept. 30th and Oct. 1st. Jordan, Vineland, Beamsville, Grimsby Beach, Grimsby, Winona, Fruitland and Stoney Creek Troops will be represented. Scouts from St. Catharines and district and the St. Catharines "Kittie" Boy Scout Band will lead the march past.

Troop Orders
Meetings—Monday, Sept. 22nd, High School, 7 p.m. Full uniform. Shorts and stockings.
Practices for Jamboree.
Duty Patrol, Seal Patrol, Second, Cliff Schwab.

WEATHER RELIEVES THE CAR ICING SITUATION

A Toronto official of the Canadian National Railways told the Hamilton Spectator by telephone Tuesday that the change to cooler weather would help the ice shortage situation to such an extent that the railway will now be able to handle the icing of all carload shipments of fruit from the Niagara peninsula without difficulty.

There was a temporary embargo on express carload shipments over the weekend, he said, but this is now off. Under this restriction, the railway would accept carload shipments only if the shipper undertook the icing himself.

The tremendous demand for ice in Toronto, the official said, had reduced stocks to such an extent that the ice plant at Mimico, which normally re-ices refrigerator cars, had been unable to handle the demand.

Backward turn backward, oh time in thy flight, give us a 50c blue plate dinner just for tonight.

Welcome

West Lincoln Births

September 11th—To James and Mrs. Nesbit, Port Dalhousie, a son.

September 11th—To James B. and Mrs. McCollum, Beamsville, a son.

September 11th—To Peter Sacravitch, Castor Centre, a daughter.

September 16th—To Lloyd and Mrs. Rouse, Smithville, a daughter.

BOOK CIRCULATION IS ON THE INCREASE

The report of B. L. Bentley, Grimsby librarian presented at last night's meeting of the Library Board, showed the circulation of 2,940 books in June was increased to 3,069 in July, and to 3,272 in August. Mr. Bentley said that the circulation is now well over 1,000 in excess of that at this time last year. With this planned at the beginning of the year, as a juvenile year, a much larger percentage of juvenile books were purchased creating greater interest in the library.

PLAY FOR OLD FOLKS

The Beamsville Citizens' Band played a delightful concert of well-known airs last Sunday afternoon for the people at Lincoln County Home. Under the direction of Bandmaster Charles Tallman, the band provided an afternoon of pleasure on the lawn of the home as they made their annual visit. Mrs. Tallman added to the program by offering a vocal solo. After the concert refreshments were served to the band by Mr. and Mrs. Roger Comfort, superintendent and matron of the home.

Wolf Cub Pack

Both A and B packs met Friday evening for the 1st meeting of the new season. Senior Sixer John Mitchell led the Grand Howl.

While Akela supervised the Jungle dances out-of-doors Bagheera and Mowgli looked after a game of tag on the pitch in the gymnasium.

The Pack's 1st meeting of the new season was given a transfer to the Wolf Cub Pack of Beamsville.

Next week's meeting will be an outdoor exercise known as the Adventure Trail. A Cub is to re-venture at the High School at 6.30 p.m.

A man has reached old age when he begins to wonder just what are normal times.

SPORTOLOGY

(By Bones Livingston, Sportologist)

LET'S GET THE PEACH CROP OFF—It will not be long now until THOMASINE WARNER will be stowing away his shorts and bringing out a few of his 264 sweaters. It will also not be too long until the old boy will be making ice again. Ice sheets that are the envy of all ice makers in Canada. . . . Seen any new PEACH KINGS floating around town? . . . There is going to be a big time in St. Catharines one of these nights when the World's Champion Heavyweight Fighter, JOE LOUIS, and his softball team visit the Garden City to cross bats with GRIMSBY'S own TUFFORD THE EARL and his TEEPEES team at the Old Guard Park. Joe's team are on tour and are known as the PUNCHERS. They are an aggregation of coloured softball stars from Detroit and put on a great exhibition of ball play. They will need to if they can take "TUFF" and GEORGIE ZUKE and the rest of the TEEPEES into camp. This is a game that will be well worth seeing. It starts at 8.15 p.m. and will be played under the floodlights. Date later. . . . HARRY BIGGAR is again stabled at Hamburg, N.Y., with his trotting mare Cella Lee and Farmer John, the good trotter owned by Dr. Frank T. Green of Stoney Creek. Myrt says the CHERY KING better grab off enough dough with Cella to buy that automobile or else. . . . Understand there is already a movement on foot to amalgamate the LEGION softball team with the GRIMSBY MOUNTIES. The boys from the hilltop will be wise if they continue next year the same as they have in the past. They have done right well and it is best to leave well enough alone. . . . This columnist had a visit from the grandest sports man in Ontario on Tuesday night when DAVE PINKNEY the hockey and harness horse impresario from Stratford was in town. DAVE will have a team in the O.H.A. Junior "A" series this winter and you can bet it will be one that will take a lot of beating. Right now he is on the prowl for players. . . . GRIMSBY MEN'S BOWLING LEAGUE held their reorganization meeting for the 1947-48 season on Tuesday night with GRAMPAPPY BUCKENHAM and BUD WILSON in charge of affairs. The League this year will operate with 18 teams, two teams less than in previous years. It is expected that the scheduled play will begin the first week in October. . . . PEACH QUEEN'S BOWLING LEAGUE is all shaped up waiting for the opening of the regular schedule. The League this season will be the largest it has ever been, with 14 teams participating in play for the METAL CRAFT trophy. This is two teams more than previously taking part in the battle for the silverware. . . .

THREE PHEASANT DAYS IN LINCOLN COUNTY

Hunters Can Have Their Sport
On October 31st And November 1st And 5th.

Toronto, Sept. 15. — Dates for shooting grouse, spruce partridge, ptarmigan, pheasants and squirrels were announced Monday.

Most of the seasons are a week later than last year.

In those parts of the province where shooting is permitted the season for grouse, spruce partridge and ptarmigan will be from October 11 to October 18 inclusive. The season for ring-necked pheasants is October 31 and November 1, and for grey or black squirrels November 14 and 15.

As has been the case in recent years the shooting of grouse, partridge and ptarmigan is banned in all southwestern Ontario. The only exceptions are Puslinch townships in Wellington County and a few townships in Ontario County. The bag where shooting is allowed is five a day and twenty for the season.

The regular season for pheasant applies to all parts of the counties of Welland, Lincoln, Haldimand, Wentworth, Halton and Peel. In Brant shooting is allowed only in Burford, Dumfries South and Onondaga townships. In Waterloo, in the township of Wilmot and in Wellington, in the township of Puslinch.

An extra day's pheasant shooting, November 5, is permitted in Lincoln County.

The pheasant bag is three cock birds a day.

Grey and black squirrels may be shot anywhere in the province during the season and the bag is five a day.

An official of the fish and wildlife division of the Lands and Forests Department said that while the situation was improving he wouldn't hazard a guess when there would be shooting of grouse and partridge again in southwestern Ontario.

Some counties, he said, were beginning to have a fair number of birds and it was probable that they eventually would be reopened. Others, he said, including Essex, Kent and parts of Lambton had no grouse at all.

FORESTALLING ILLNESS

When you are well is the time for that medical check-up, say the experts. Conditions unfavourable to physical or mental well-being may be detected by careful examination before you become ill. "Although you may feel perfectly well, a check-up may reveal that there are some little things, such as your dietary or other habits, which require attention if you are to retain health," say the medical authorities, in urging close liaison with the family doctor at all times.

Do not overheat the range boiler, advises the Canadian Institute of Plumbing and Heating. If the water boils it will stir up any sediment from the water supply and cause the faucets to run brown.

ORIENTAL FRUIT MOTH IN KIEFFER PEARS

Considerable Oriental fruit moth injury to Kieffer pears was caused last year by moths which migrated from peach orchards after the peaches were harvested. Normally, cool weather at that season prevents further development of the moths, but the exceptionally warm spell in late September and early October, 1946, favoured their movement into pear orchards and the laying of many eggs before the pears were picked.

The chances of another such attack this year are very slight unless the weather in late September and early October is exceptionally warm. However, as an insurance against possible fruit moth injury, Kieffer pears near peach orchards which were heavily infested with fruit moth, especially in the lake-shore area from Beamsville to Jordan Harbour, could be sprayed with DDT. The spray, 2 lbs. 50% DDT wettable spray powder per 100 gallons, should be applied 3 weeks and not later than 3 weeks before the Kieffer pears will be harvested.

THE APPOINTMENT OF

SUTHERLAND MOTORS

BEAMSVILLE

AS AUTHORIZED DEALERS OF

PONTIAC - BUICK AND GMC TRUCKS

IN BEAMSVILLE - GRIMSBY AND DISTRICT

General Motors is proud to welcome to the ranks of Pontiac, Buick and GMC Truck Dealers, Sutherland Motors, Beamsville.

This new Dealership is being operated by George T. Sutherland who has purchased the premises on King Street, Beamsville, formerly owned by Inglehart and Gledhill Motors.

Mr. George Sutherland, although a new resident in the Beamsville district, is not new in the automotive industry, having been employed by General Motors for many years prior to joining the R.C.A.F. early in World War II.

A feature of the new organization will be a well equipped, expertly staffed Service Department, available to all owners of passenger cars and trucks. Also, an efficient Parts Department will be maintained carrying a full stock of Factory Approved General Motors Parts and Accessories.

Call in soon—Sutherland Motors will feel privileged to discuss your transportation requirements with you and to serve you.

PAST PLAY-TIME
Middle-agers should resist the temptation to indulge in violent physical exertion on their annual holidays. Health people at Ottawa warn: "Those who live sedentary lives can't suddenly become

'sports' with safety, particularly if they are past the play-time of life. The family doctor, familiar with their normal types of activity, should be consulted about the type of recreation which will benefit them, and not harm them."

ROSALIND RUSSELL HAS A FINE STARRING ROLE

The story of the courageous Australian bush nurse who achieved world fame with her original treatment for the destructive effects of infantile paralysis is told in highly dramatic form in RKO Radio's "Sister Kenny," co-starring Rosalind Russell and Alexander Knox, and featuring Dean Jagger.

Rich in romance and suspense, the picture covers some thirty-five years of Elizabeth Kenny's life, from her first meeting with the disease up to the recent establishment of her Institute at Minneapolis, Minn.

Her world-wide controversy with organized medicine is faithfully depicted with both the conservative and radical elements fighting for the same results but differing bitterly as to method.

Produced and directed by Dudley Nichols, the screenplay was adapted by him in collaboration with star Knox and Mary McCarthy from the biography, "And They Shall Walk," written by Elizabeth Kenny and Martha Ostenso.

This stirring drama will show at the RKO on Monday and Tuesday, September 29th and 30th.

INTOXICATED DRIVER SENTENCED TO 10 DAYS

John Orzyvolski, Grimsby real estate salesman, gave a defective steering gear as an excuse for his car weaving across No. 8 Highway when he appeared in Magistrate Harvey Hallett's court Tuesday morning charged with driving while intoxicated.

Provincial Constables Ed. Hope and Gord Collins, who preferred the charge, claimed the accused was unsteady on his feet and smelled strongly of liquor and that the steering gear when tested by hand, seemed to have no play. The accused claimed that the last time he had touched alcoholic beverages was Saturday.

Magistrate Hallett, on a request from Crown Attorney F. H. Lancaster, K.C., adjourned the case until Wednesday so that the steering gear could be examined. Mr. Orzyvolski was allowed his freedom for the day with the provision that he again appear in court Wednesday morning, and was sentenced to 10 days in the county gaol.

PROVINCIAL POLICE TO HAVE RADIO BRANCH

Niagara Falls, Ont., Sept. 14—Inspector Chris F. Airey announced today that a radio communications branch will be established at District No. 4 Headquarters here when the provincial-wide provincial police radio system becomes operative.

In preparation for the opening of the branch District Inspector Airey announced several staff changes, effective Oct. 1st.

Constable V. H. Detenbeck will be transferred here from Fort Erie to assume the post of dispatcher in District No. 4 Headquarters. He will have three assistant dispatchers—Constable H. A. Jeanes, who will be transferred from Merrittville and Constables N. H. Prebble and J. S. Hare, who are members of the local detachment. These men have had radio experience in the armed services.

Inspector Airey further announced that Constable S. W. Renshaw will be transferred from Niagara Falls to Fort Erie to replace Constable Detenbeck and Constable W. T. Smith of Niagara Falls will replace Constable Jeanes at Merrittville.

Constable H. C. Youmans will be transferred to the Simcoe detachment in exchange for Constable J. W. Audsley.

FIRST PROSECUTION UNDER TRUCKING LAW

The first prosecution under the Farm Products Grades and Sales Act regulations requiring special licenses and markers for all trucks transporting fruits and vegetables resulted last week in Toronto Police Court in a plea of guilty by the Mitchell Pacific Produce Company of Toronto, under Section 12, subsection 1 of the regulations, and a fine of \$10 and costs of \$11.10 being imposed. The section under which the prosecution was made by the Fruit Branch of the Ontario Department of Agriculture provides that:

"No dealer shall transport fruit or vegetables upon a highway in a motor vehicle unless a marker has been issued and placed and on display at all times on the lower right hand corner of the windshield of the motor vehicle.

In this case, the accused firm pleaded guilty to transporting fruit and vegetables in a truck which did not carry the special marker as required. The Department has been very patient in prosecuting under these regulations until sufficient time had elapsed to allow all dealers to become familiar with them, and this first prosecution is an indication that from now on the regulations will be strictly enforced.

Vinemount News

St. George's Anglican Church, Tapscott, was filled to capacity on Sunday afternoon when they celebrated their Annual Harvest Thanksgiving service. The church was beautifully decorated and was fitting background for the choral service rendered by Rev. H. Langhorne and his choir of St. Matthew's Church, Hamilton. His choir sang the anthem "While the Earth Remains," and the Rector Rev. K. G. Kiddell delivered the sermon.

Mrs. Percy Shaker is a very happy person today, the reason for her happiness lies in the fact that for twenty years she has been corresponding with Miss Vera Wheeler, Romney, Hampshire, England and Thursday night that lady arrived to visit her on the way to Manitowish Island. It was through the Maple Leaf Club sponsored by The Family Herald and Weekly Star, Montreal, that Mrs. Shaker, then Carrie Jeffrey, started her long years of correspondence.

Miss Wheeler's impression of Canada's abundant crop of fruits etc. was beyond words.

The same thing that Sherman said about war also goes for insect bites.

TOWNSHIP COUNCIL
books somewhere governing the sale of milk in the township, but it was drawn up a good many years ago. Clerk Allan will check up on this bylaw and if it does not cover all the points to suit the present day needs including the licensing of milk distributors a new bylaw will be prepared.

Deputy-Reeve John Aikens gave forth with the information that the spraying of weeds in the township had been far from satisfactory as regards killing the weeds off. Owing to scarcity of horses in the township it had been next to impossible to secure teams for the cutting of the weeds.

FREIGHT CAR CAUSES

fruit cars around the plant got their signals mixed and as a result a big box car crashed through the car-block at the end of the switch on Livingston avenue and in its mad career snapped off a Bell telephone pole, but fortunately did not bring the wires down; uprooted a large size tree; smashed the concrete sidewalk and flattened out a fire hydrant as if it were tissue paper. When the car came to a stop it was right across the north roadway and its nose was sticking out on the south roadway.

It was not until Friday afternoon that the car was re-railed and moved away.

MEAT STRIKE WILL

"none of us have ever depended entirely upon any of the 'big three' packing companies for our supplies. Most of our smoked and cooked meats have come from the smaller packing concerns and they will continue to supply us."

Beef, pork, veal and lamb, according to the local butchers, has never entirely been supplied by the packing concerns, but rather a great amount of it was supplied by local butchers over the mountain. This supply will continue and will be increased as those butchers will not now be shipping any cattle or pigs to the Toronto market.

At the present time the meat future looks O.K. for Grimsby residents but they must be conservative in their buying in order not to cause a shortage.

SUNDAY PICNIC PARTY

an ice-packed container, was in a nearby bush.

Arthur Stewart, R.R. 1, Grimsby, was arrested by provincial police on Sunday afternoon and taken to Lincoln County jail, St. Catharines, on a charge of assault.

Sam Polych, Vineland farmer, was fined \$25 and costs today in city police court after being convicted of negligent driving. The original charge of driving while intoxicated was dismissed.

Provincial Constable Ed. Hope of Grimsby, told the court that he had been called to Vineland on Aug. 30. He found that the Polych truck had struck a truck owned by John McBurney of Jarvis, Ont., and had struck both McBurney and his brother, Keith.

Witnesses said that Polych appeared to be intoxicated, and he admitted to the court that he had had several glasses of beer in St. Catharines before driving to Vineland.

Two men arrested on liquor charges in North Grimsby township Sunday afternoon by Provincial Constable William Gillings were released without plea and their case was adjourned until Friday.

The men are Michael Ugarkovich, Grimsby, charged with supplying liquor to persons under 20 years of age, and Joseph Vanecko, Beamsville, charged with unlawfully keeping liquor for sale.

ARE FRUIT RETAILERS

bearing the shippers name and address and the brand name of the firm.

This basket of peaches was purchased in a retail store and were of high quality insofar as the purchaser could see until the bottom of the basket was being reached and then it was found that the contents were small, walnut sized, scrawny, immature fruit.

The driver brought this basket home and the shipper is most vehement in his statement that these small peaches were never shipped originally in his basket and more-over they are no Canadian grown over the peaches, but rather are some of the American rubbish that was dumped on the Canadian market two weeks ago in order to keep up the prices on the home markets in the U.S.A. The shipper claims that all over Ontario fruit retailers were caught with a lot of these American, undersized, immature peaches on their hands and that they resorted to repacking the Canadian peaches, placing the small, runty American peaches in the bottoms of the baskets and in this manner saving themselves a loss on the American goods.

This shipper claims that the rubbish was American. Other shippers who looked at the stuff agreed that they might be Amer-

tas, but they would not state definitely that they were American grown. They also claimed that it was possible that they might be some other variety.

If such a racket as this has been, and is being practiced by small jobbers and retailers it is about time that the Fruit Inspection branch did a little investigating. Of course it could be that they were Canadian peaches and were shipped that way by the grower through this shipper, but the shipper, whose integrity we do not question, claims otherwise, and he should know for he knows his growers whose goods he is buying and shipping.

According to this shipper a number one peach in most of the peach growing states is only required to be one and three-quarter and two inches in circumference, and under Canadian standards would not be a number one.

In any event the lady who bought this basket of peaches certainly got a gyping.

ICING OF FRUIT CARS

ed throughout," Mr. Campbell said, "owing to the continued hot weather and a possible shortage has been foreseen for some time. We were shipping ice to other points but had to discontinue that owing to the demand for refrigerator cars. The meat packers' strike may now cut off the re-icing facilities for railway cars at Mimico and, if that happens, it may have a very serious result for fruit growers."

A temperature in the 60's for 24 to 48 hours would be of great help in relieving the situation, Mr. Campbell suggested. "We have taken in a tremendous storage of peaches in the last week and all fruit being shipped long distances requires pre-cooling. This, naturally, lessens our ability to manufacture ice."

From railway sources it was learned that the Grimsby plant is the only one in the Niagara peninsula for icing refrigerator cars. Cars going to St. Catharines, Niagara Falls and other points for loading, are first iced at Grimsby. Very often, if there is any delay in the loading, it is necessary for them to be re-iced at this plant after loading. Ordinarily, they would be re-iced at Mimico. With fruit shipments at their yearly peak during the last couple of weeks, ice reserves have practically disappeared.

HEALTH CHARTS

Statistics and reports from other lands are to public health departments what a compass is to a liner at sea. They help to indicate the tack which health conservation services must take to steer the country clear of plagues and epidemics raging abroad.

In Canada, the Dominion Bureau of Statistics works closely with health authorities to ensure the best health protection for the public, and to keep the advance to a higher standard on the right course.

HEALTHFUL HOLIDAY

"Don't overdo it on your annual vacation," warn National Health authorities at Ottawa. "Make this year's vacation worth while. Don't come back needing a holiday from a holiday. Have a medical check-up before you engage in strenuous activities."

The public health experts point out that people who sit at a desk for fifty weeks in the year can afford over-exercise during the other two weeks. They should get just enough exertion to feel pleasantly and mildly tired.

HEALTH IN CANS

It is important to include plenty of vegetables and fruit in one's diet all year round, so nutrition experts at Ottawa issue some suggestions to householders planning to put up "health in cans."

Vegetables, they tell us, should be canned when they are young and tender, and the time to can fruit is when it is well-formed and mature. If it is under-ripe it may have poor flavor and texture, and if over-ripe will be soft and unattractive.

PAST PLAY-TIME
Middle-agers should resist the temptation to indulge in violent physical exertion on their annual holidays. Health people at Ottawa warn: "Those who live sedentary lives can't suddenly become

"sports" with safety, particularly if they are past the play-time of life. The family doctor, familiar with their normal types of activity, should be consulted about the type of recreation which will benefit them, and not harm them."

ROSALIND RUSSELL HAS A FINE STARRING ROLE

The story of the courageous Australian bush nurse who achieved world fame with her original treatment for the destructive effects of infantile paralysis is told in highly dramatic form in RKO-Radio's "Sister Kenny," co-starring Rosalind Russell and Alexander Knox, and featuring Dean Jagger.

Rich in romance and suspense, the picture covers some thirty-five years of Elizabeth Kenny's life, from her first meeting with the disease up to the recent establishment of her Institute at Minneapolis, Minn.

Her world-wide controversy with organized medicine is faithfully depicted with both the conservative and radical elements fighting for the same results but differing bitterly as to method.

Produced and directed by Dudley Nichols, the screenplay was adapted by him in collaboration with star Knox and Mary McCarthy from the biography, "And They Shall Walk," written by Elizabeth Kenny and Martha Ostenso.

This stirring drama will show at the Roxy on Monday and Tuesday, September 29th and 30th.

INTOXICATED DRIVER SENTENCED TO 10 DAYS

John Orzyvoloski, Grimsby estate salesman, gave a defecated steering gear as an excuse for a car weaving across No. 8 Highway when he appeared in Magistrate Harvey Hallett's court Tuesday morning charged with driving while intoxicated.

Provincial Constables Ed. Hope and Gord Collins, who preferred the charge, claimed the accused was unsteady on his feet and smelled strongly of liquor and that the steering gear when tested by hand, seemed to have no play. The accused claimed that the last time he had touched alcoholic beverages was Saturday.

Magistrate Hallett, on a request from Crown Attorney F. H. Lancaster, K.C., adjourned the case until Wednesday so that the steering gear could be examined. Mr. Orzyvoloski was allowed his freedom for the day with the provision that he again appear in court Wednesday morning, and was sentenced to 10 days in the county gaol.

PROVINCIAL POLICE TO HAVE RADIO BRANCH

Niagara Falls, Ont., Sept. 14—Inspector Chris F. Airey announced today that a radio communications branch will be established at District No. 4 Headquarters here when the provincial-wide provincial police radio system becomes operative.

In preparation for the opening of the branch District Inspector Airey announced several staff changes, effective Oct. 1st.

Constable V. H. Detenbeck will be transferred here from Fort Erie to assume the post of dispatcher in District No. 4 Headquarters. He will have three assistant dispatchers—Constable H. A. Jeanes, who will be transferred from Merritt and Constables N. H. Prebble and J. S. Hare, who are members of the local detachment. These men have had radio experience in the armed services.

Inspector Airey further announced that Constable S. W. Renshaw will be transferred from Niagara Falls to Fort Erie to replace Constable Detenbeck and Constable W. T. Smith of Niagara Falls will replace Constable Jeanes at Merritt.

Constable H. C. Youmans will be transferred to the Simcoe detachment in exchange for Constable J. W. Audsley.

FIRST PROSECUTION UNDER TRUCKING LAW

The first prosecution under the Farm Products Grades and Sales Act regulations requiring special licenses and markers for all trucks transporting fruits and vegetables resulted last week in Toronto Police Court in a plea of guilty by the Mitchell Pacific Produce Company of Toronto, under Section 12, subsection 1 of the regulations, and a fine of \$10 and costs of \$11.10 being imposed. The section under which the prosecution was made by the Fruit Branch of the Ontario Department of Agriculture provides that:

"No dealer shall transport fruit or vegetables upon a highway in a motor vehicle unless a marker has been issued and placed and on display at all times on the lower right hand corner of the windshield of the motor vehicle.

In this case, the accused firm pleaded guilty to transporting fruit and vegetables in a truck which did not carry the special marker as required. The Department has been very patient in prosecuting under these regulations until sufficient time had elapsed to allow all dealers to become familiar with them, and this first prosecution is an indication that from now on the regulations will be strictly enforced.

Vinemount News

St. George's Anglican Church, Tapscott, was filled to capacity on Sunday afternoon when they celebrated their Annual Harvest Thanksgiving service. The church was beautifully decorated and was fitting background for the choral service rendered by Rev. H. Langhorne and his choir of St. Matthew's Church, Hamilton. His choir sang the anthem "While the Earth Remaineth," and the Rector Rev. K. G. Kiddell delivered the sermon.

Mrs. Percy Shaker is a very happy person today, the reason for her happiness lies in the fact that for twenty years she has been corresponding with Miss Vera Wheeler, Romney, Hampshire, England and Thursday night that lady arrived to visit her on the way to Manitoulin Island. It was through the Family Leaf Club sponsored by The Family Herald and Weekly Star, Montreal, that Mrs. Shaker, then Carrie Jeffrey, started her long years of correspondence.

Miss Wheeler's impression of Canada's abundant crop of fruits etc. was beyond words.

The same thing that Sherman said about war also goes for insect bites.

CONTINUATIONS

From Page One

TOWNSHIP COUNCIL

books somewhere governing the sale of milk in the township, but it was drawn up a good many years ago. Clerk Allan will check up on this bylaw and if it does not cover all the points to suit the present day needs including the licensing of milk distributors a new bylaw will be prepared.

Deputy-Reeve John Aikens gave forth with the information that the spraying of weeds in the township had been far from satisfactory as regards killing the weeds off. Owing to scarcity of horses in the township it had been next to impossible to secure teams for the cutting of the weeds.

FREIGHT CAR CAUSES

fruit cars around the plant got their signals mixed and as a result a big box car crashed through the car-block at the end of the switch on Livingston avenue and in its mad career snapped off a Bell telephone pole, but fortunately did not bring the wires down; uprooted a large size tree; smashed the concrete sidewalk and flattened out a fire hydrant as if it were tissue paper. When the car came to a stop it was right across the north roadway and its nose was sticking out on the south roadway.

It was not until Friday afternoon that the car was re-railed and moved away.

MEAT STRIKE WILL

"none of us have ever depended entirely upon any of the 'big three' packing companies for our supplies. Most of our smoked and cooked meats have come from the smaller packing concerns and they will continue to supply us."

Beef, pork, veal and lamb; according to the local butchers, has never entirely been supplied by the packing concerns, but rather a great amount of it was supplied by local butchers over the mountain. This supply will continue and will be increased as those butchers will not now be shipping any cattle or pigs to the Toronto market.

At the present time the meat future looks O.K. for Grimsby residents but they must be conservative in their buying in order not to cause a shortage.

SUNDAY PICNIC PARTY

an ice-packed container, was in a nearby bush.

Arthur Stewart, R.R. 1, Grimsby, was arrested by provincial police on Sunday afternoon and taken to Lincoln County jail, St. Catharines, on a charge of assault.

Sam Polych, Vineland farmer, was fined \$25 and costs today in city police court after being convicted of negligent driving. The original charge of driving while intoxicated was dismissed.

Provincial Constable Ed. Hope of Grimsby, told the court that he had been called to Vineland on Aug. 30. He found that the Polych truck had struck a truck owned by John McBurney of Jarvis, Ont., and had struck both McBurney and his brother, Keith.

Witnesses said that Polych appeared to be intoxicated, and he admitted to the court that he had had several glasses of beer in St. Catharines before driving to Vineland.

Two men arrested on liquor charges in North Grimsby township Sunday afternoon by Provincial Constable William Gillings were released without plea and their case was adjourned until Friday.

The men are Michael Ugarkovich, Grimsby, charged with supplying liquor to persons under 20 years of age, and Joseph Vanecko, Beamsville, charged with unlawfully keeping liquor for sale.

ARE FRUIT RETAILERS

bearing the shippers name and address and the brand name of the firm.

This basket of peaches was purchased in a retail store and were of high quality insofar as the purchaser could see until the bottom of the basket was being reached and then it was found that the contents were small, walnut sized, scrawny, immature fruit.

The driver brought this basket home and the shipper is most vehement in his statement that these small peaches were never shipped originally in his basket and moreover they are no Canadian grown peaches, but rather are some of the American rubbish that was dumped on the Canadian market two weeks ago in order to keep up the prices on the home markets in the U.S.A.

The shipper claims that all over Ontario fruit retailers were caught with a lot of these American, undersized, immature peaches on their hands and that they resorted to repacking the Canadian peaches, placing the small, runty American peaches in the bottoms of the baskets and in this manner saving themselves a loss on the American goods.

This shipper claims that the rubbish was American Elbertas. Other shippers who looked at the stuff agreed that they might be Elbertas, but they would not state definitely that they were American grown. They also claimed that it was possible that they might be some other variety.

If such a racket as this has been, and is being practiced by small jobbers and retailers it is about time that the Fruit Inspection branch did a little investigating. Of course it could be that they were Canadian peaches and were shipped that way by the grower through this shipper, but the shipper, whose integrity we do not question, claims otherwise, and he should know for he knows his growers whose goods he is buying and shipping.

According to this shipper a number one peach in most of the peach growing states is only required to be one and three-quarter and two inches in circumference, and under Canadian standards would not be a number one.

In any event the lady who bought this basket of peaches certainly got a gyping.

ICING OF FRUIT CARS

ed throughout," Mr. Campbell said, "owing to the continued hot weather and a possible shortage has been foreseen for some time. We were shipping ice to other points but had to discontinue that owing to the demand for refrigerator cars. The meat packers' strike may now cut off the re-icing facilities for railway cars at Mimico and, if that happens, it may have a very serious result for fruit growers."

A temperature in the 60's for 24 to 48 hours would be of great help in relieving the situation, Mr. Campbell suggested. "We have taken in a tremendous storage of pears in the last week and all fruit being shipped long distances requires pre-cooling. This, naturally, lessens our ability to manufacture ice."

From railway sources it was learned that the Grimsby plant is the only one in the Niagara peninsula for icing refrigerator cars. Cars going to St. Catharines, Niagara Falls and other points for loading, are first iced at Grimsby. Very often, if there is any delay in the loading, it is necessary for them to be re-iced at this plant after loading. Ordinarily, they would be re-iced at Mimico. With fruit shipments at their yearly peak during the last couple of weeks, ice reserves have practically disappeared.

EVENTS and TOPICS of the WEEK in TABLOID

Dunnville has installed 175 parking meters.

Smithville Fair tomorrow and Saturday. It will be a big night in the Southern Metropolis on the night before Sunday.

The Village Inn Supper Club has been postponed indefinitely but will re-open just as soon as possible. Keep watching for the opening date.

Fire department had a call to the Cole Apartments, Main west, on Tuesday morning where a coal oil stove ignited some paper in a small oven.

Beamsville Council has sold a \$19,000 debenture issue to The Canadian Bank of Commerce at a rate of \$101.01, at interest a little less than three per cent.

Frank Hurst has closed a deal with George Bator, top of the Thirty Mountain, whereby he secured the Bator 16 acre fruit farm and Mr. Bator secures the house and property at Seven Depot St.

Workmen are busy hanging shafing, moving in motors and machinery in the portion of the White Aircraft plant on Elizabeth street that was not damaged by the fire last October. The rubble from the fire in the other portion of the plant is being cleared away and this portion will be reconstructed. It is expected that the factory will be in full operation within a few weeks.

Going out of control while west-bound on the Queen Elizabeth Way on Sunday afternoon, a car in charge of Carl Ranger, 1306 Somerset Road, Grosse Pointe Park, Mich. struck the stop light stand at the Beamsville crossroad, swerved across the highway shoulder, through a fence, and came to rest in a farmer's yard. While shaken up, none of the passengers was injured seriously.

An old timer is the one who can recall when children didn't interrupt their parents in the middle of a conversation.

BEAMSVILLE GARAGE HAS CHANGED HANDS

Inglehart And Gledhill Sell To George T. Sutherland Of Toronto—Will Handle General Motors Products.

Over the weekend one of the best known garages and service stations in the Fruit Belt changed hands when Inglehart and Gledhill Motors of Beamsville, disposed of their Beamsville property and business to George T. Sutherland of Toronto, who will operate the business under the name of Sutherland Motors.

The new firm has been appointed by General Motors as dealers for this district of Buick, Pontiac cars and G.M.C. trucks. This appointment brings to Beamsville its first dealership for this well known line of General Motors products in some years.

George T. Sutherland, is sole owner of Sutherland Motors. He has had a wide experience in the automotive field, being employed by General Motors from 1925 to 1940, leaving to enlist in the R.C.A.F. He was on active service for five years of which more than half was spent overseas.

Mr. Sutherland is married with one child. He is a member of the Masonic lodge and an adherent of the Presbyterian Church. He will be moving his family to Beamsville as soon as accommodation is available.

The Independent congratulates Mr. Sutherland on bringing this agency to Grimsby and Beamsville and feels that the franchise he now holds will prove an asset to the business life of the community.

Inglehart and Gledhill will continue to operate the Grimsby Garage, handling Chevrolet and Oldsmobile passenger cars and Chevrolet trucks for the territories of Grimsby and Beamsville.

THREE INJURED WHEN TRUCK LEAVES ROAD

Out Of Control Vehicle Careened And Rolled Over For A Distance Of 300 Feet.

A fruit stand on the Queen Elizabeth Way east of Grimsby Beach, was said to have been a contributing factor to an accident on Saturday evening in which one person was injured and two others had a remarkably narrow escape.

When, according to his story to investigating police, Peter Kopystynski, 425 Palling Avenue, Hamilton, driving a truck westbound, looked at a fruit stand on his right, his truck served and the right front wheel dropped off the edge of the pavement a depth of four inches, to the left and the big vehicle, out of control, careened diagonally across the pavement, finally coming to rest on the boulevard after rolling over, some 300 feet further on.

Mr. Kopystynski, his wife and 14-year-old daughter, Elsie, were pulled out through the shattered windshield by nearby residents. Mrs. Kopystynski was attended at the scene by Dr. A. F. McIntyre for lacerations and shock.

The highway shoulder beside the pavement, according to police, has been worn away to a depth of from two to four inches in front of the fruit stand by motor vehicles which stop there.

CHERRY CROP SAVED

The latest use for the helicopter in agriculture was demonstrated at Santa Clara Valley, California, when a \$250,000 cherry crop was saved, says New Agriculture. There had been a heavy storm on the previous night, and the growers feared that the drenched ripening cherries would swell and split when the sun hit them when wet. An army helicopter was brought to the rescue. It skimmed over 200 acres of orchards at 15 miles per hour with its wheels almost touching the three tops. This aerial fan manoeuvre lasted for four hours and dried the fruit. The crop was saved but in southern Alameda county where the growers had no rotored plane, the damage to the cherry crop is estimated at \$68,000.

STUDYING JOURNALISM

(St. Catharines Standard)

Another St. Catharines Collegiate boy carries with him into college a scholarship and the honor accompanying it. Mr. Robert Stanbury, son of County Judge J. G. S. Stanbury, has enrolled at the University of Western Ontario at London in the department of journalism and economics. Last spring Robert was awarded a \$100 scholarship in the Lions Club contest in public speaking.

During the fall of 1946 he was mayor of the Junior City Council, a city-wide organization and throughout the academic year he was president of the Collegiate Student Senate. The University of Western Ontario is the only university in Canada which furnishes a course in journalism leading to an Arts degree.

FRUIT WANTED

Lincoln Loyalist Chapter, I.O.D.E., is again arranging for its annual shipment of fruit from Grimsby orchards to Christie Street Hospital, Toronto.

Those wishing to contribute are asked to take their fruit to Mrs. E. A. Buckenham, 152 Main St. W. or to Miss Eva Cline, Main St. E., by Thursday noon, September 25th.

BROTHERS STEAL BENEFACITOR'S CAR

Two brothers, Albert and Ernest Gauthier, from Moose Creek, Ont., appeared in Magistrate Harvey Hallett's court Tuesday morning charged with auto theft. Both brothers pleaded guilty and were remanded to Friday for sentence.

The charge was preferred by Charles W. Stirling, Smithville, who had picked the brothers up at Grimsby and taken them to the Dwarf Village Hotel, from where the car was stolen. Mr. Stirling had bought the brothers a meal and while he was talking to friends in the hotel the brothers made off with his automobile.

P.C. Albert Shennan, patrolling his beat in Glenridge shortly before midnight noticed the two acting strangely in the car and after stopping it was surprised to have one of the brothers jump out of the car and run away. On investigating the car was found to be the one reported stolen but a short time ago. The police cruiser, in charge of P.C. Bern Hammett, was called to the scene and after scouring the neighborhood the missing brother was picked up while crossing the Glen Ridge bridge.

Provincial Constables Ed. Hope and Gord Collins from the Grimsby detachment had spread the alarm and had traced the car towards St. Catharines. They were saved the trouble of further search by the alert work of the St. Catharines force.

The melancholy days have come. It's the time you begin buying that new outfit for cold weather.

RAILWAY OFFICIAL IS HONORED BY CONFRERES

George E. Waller, Well Known In This District Has Lengthy Service With Electric Lines.

On the first anniversary of the purchase of the Hamilton Street Railway Company, members of the Board of Directors at a luncheon meeting Tuesday announced the appointment of George E. Waller, formerly General Manager, to the office of Vice-President and Consultant. Mr. Waller will be succeeded by P. A. S. Todd, who has been assistant General Manager.

Mr. Waller began work with electric railways in April, 1893, in the operating department of the Hamilton, Grimsby and Beamsville line. From 1901 until 1906 he managed the line.

When it was taken over by the Dominion Power and Transmission Company he became General Freight and Passenger Agent and Land Agent for all companies operated by the D. P. and T. These included the Hamilton Street Railway, the Hamilton and Dundas Street Railway, the Hamilton, Grimsby and Beamsville Electric Railway, the Hamilton Radial Electric Railway, the Brantford and Hamilton Electric Railway.

In 1906 Mr. Waller became General Manager of the entire system which latterly included the Hamilton Interurban Bus Lines, now the Canada Coach Lines Limited.

In 1924 he was Vice-President and General Manager of the D. P. and T. and in 1930 when Ontario Hydro assumed ownership, he continued as General Manager.

Mr. Waller was President of the Canadian Transit Association in 1934-35 and since 1927 has been a member of the executive.

So handy

COVER BURNS

First-aid treatment of burns consists in covering the affected area and keeping it covered until competent medical attention is obtained. Burns are sterile when sustained but they may become infected by careless handling immediately afterwards.

National Health authorities advise - do not attempt to alleviate pain by applying an ointment. Only sterilized dressings, such as a doctor will apply, should be used, and first-aiders are urged not to remove clothing or expose the burned surface meanwhile.
